

January, 2017

Dear Parents,

The Tredyffrin/Easttown School District (TESD) sponsors a pre-kindergarten summer reading program for a small number of children who will be entering our kindergarten in September. This program has no cost and transportation is provided for children who qualify.

The goals of this summer program are:

- To develop basic pre-reading skills
- To acquaint the child with basic school routines
- To provide the opportunity for fine motor skill development
- To develop basic social skills

In order to help us identify those children who might qualify for this program, please complete the questionnaire found below. If after reviewing your questionnaire, we believe your child might benefit from the summer program, we will follow up with you in the coming weeks about screening your son or daughter.

Please check all statements that apply to your child:

- My child recognizes some letter sounds.
- My child recognizes most capital letters of the alphabet.
- My child recognizes most lower case letters of the alphabet.
- My child is able to print his/her first name.
- My child has had experience with and is comfortable with children his/her age.
- My child has attended pre-school.
- My child is able to sit and listen attentively to a read-aloud story.
- My child hears and/or speaks a language other than English in the home.

Do you have any concerns or additional information that you would like to share?
