# *My Resources*

As we did during the Pickle Race, we need to make a list of references used for PAL research. You need to display this information somewhere near or on your project. It **<u>must</u>** be visible (**<u>not</u>** on the back where no one can see it). The sources may be written or typed on a half sheet of paper or an index card. This list should be labeled (ex. "My Sources") and must include **ALL** resources - books, videos, websites, magazines, etc. Use the space below to keep a draft of this list. (You may also keep a draft on your computer and turn that in when it's due).

## My Sources:
