

Computer Cost-Sharing Fee Information

Consistent with a goal in the District Strategic Plan to “harness the power of technology to advance learning while engaging and empowering students in a connected world,” the T/E School District is expanding its 1:1 Technology Initiative to provide laptops to all students in grades 7-12 in the 2018-19 school year for their use in school and at home. Families are asked to pay an annual cost-sharing fee of \$50 per student, with a maximum annual family fee of \$100. If you have one child in grades 7-12, the fee for your family is \$50. If you have two or more children in grades 7-12, the fee for your family is \$100. This fee covers the manufacturer’s extended warranty and Accidental Damage Protection, as well as a case and set-up/maintenance of the device.
