Attendance

<https://www.tesd.net/site/Default.aspx?PageID=15>

While any student is attending school in a virtual format:

If your student cannot attend classes that day or will be late – parents can report this absence in the following ways:

- *Email:* vfmattendance@tesd.net
 - Upon returning to school, students should report to teachers and find out what work has been missed.
 - In order to participate in interscholastic sporting events, a student must be in attendance by 10:30am on the day of the event.

Request for Legal Absence From School for Student Travel

Circumstances sometimes necessitate absence from school for reasons other than sickness or death in the family. As defined in the Tredyffrin/Easttown School District Regulation 5117, an

excused absence may be granted for student educational travel by the respective building principal for absences up to five (5) school days per year. Any requests for absences for a longer duration but no more than 20 school days may be granted by the Superintendent of Schools after the recommendation of the principal. Any absences for students in excess of the approved number of days of an approved long-term absence shall be regarded as unexcused. Approval may be granted pending review of the individual request, the specific educational value of the trip, and the student's progress and attitude. The principal will consult with the student's teachers to evaluate these factors.

Requests for such long-term absences shall be received by the building principal two (2) weeks prior to the absence. The granting of an excused absence does not, however, assure a passing grade for any subject/course of study. The responsibility for the completion of any assignment rests entirely with the individual student and the discretion and convenience of the subject teacher. This request constitutes a commitment on the part of the student to contact each of his or her teachers to arrange for the completion of assignments following the trip. Teachers are not authorized to provide work prior to the trip and there should be no expectation that this will occur.
