

*Other Student Travel (School-Sponsored)*

When planning travel governed by the accompanying Board Policy, the staff member organizing the trip shall follow the preparation procedures outlined below.

1. Prepare a proposal using the prescribed form (**Attachment A**). Submit the proposal to the building principal or designee at least 90 days in advance of the proposed departure date. Extension of this deadline may be granted at the sole discretion of the Superintendent for good cause shown. No expenditures should be incurred by the staff member prior to the approval of the trip. In addition to the approval of the building principal or designee, the approval of the Director of Curriculum, Instruction, Staff Development and Planning shall also be required for all overnight trips.
2. Neither staff members nor chaperones are permitted to transport students to/from travel locations in private vehicles, absent written permission from the building principal, Director of Curriculum, Instruction, Staff Development and Planning and the Business Manager. Additional insurance and supporting documentation will be required at private expense.
3. If a travel agency is retained in order to assist with arranging the necessary accommodations, the agency shall provide a signed statement that indicates a willingness to meet the following criteria:
  - Provide a performance bond with a penalty sum clause to cover the amount of all monies needed for expenses of the trip.
  - Provide a written statement outlining all services which the agent or agency will provide, along with its costs.
  - Provide a statement of any insurance that is included with the program and its cost.
  - Provide a written statement listing all items and costs NOT covered that might otherwise be understood to be covered.
  - Agree to operate only through bonded agents and carriers.
  - Use air transportation only when it approved by the International Air Transport Association (IATA) and the Airlines Reporting Corporation (ARC).
  - Be an approved agent of any air carrier used.
  - Furnish copies of all correspondence conducted for the program to the program organizers upon request.
4. If the trip is approved by both the building principal or designee and, if necessary, the Director of Curriculum, Instruction, Staff Development and Planning, consult with the

Business Manager to determine whether any insurance coverage must be arranged, and who will be responsible for the cost of such insurance.

5. In the event that there are students who wish to participate in the trip but who are unable to do so due to an inability to pay the costs associated with such participation, consult with the building principal or designee to determine whether funds may be available to enable such students to participate. (See Board Policy and Administrative Regulation 5312 (Participation in Programs & Activities - Economically Disadvantaged Students).
6. Ensure that accommodations included in the 504 Plans and IEPs of students who will be attending the trip can be implemented on the trip.
7. Ensure all chaperones who will be attending the trip have submitted the criminal history background checks and child abuse certifications in accordance with Board Policy 1300 (Volunteers), if applicable.
8. Consult with school nurse to plan for management/supervision of student health needs on the trip, as necessary.
9. Prepare a detailed informational packet for parents/guardians (including the prescribed Parent/Guardian Permission Form (**Attachment B**), Medical Authorization (**Attachment B**), and Release & Indemnity Agreement (**Attachment B**)). The packet shall be approved by the building principal prior to being sent to parents/guardians, and shall include, at a minimum:
  - Detailed travel plan, including, but not necessarily limited to: dates, destination, transportation and lodging arrangements, provisions for student supervision on the trip, including the number and identity of District employees and/or other adult chaperones that will be accompanying students on the trip, the educational purpose(s) of the trip, and the number of instructional days to be missed (if any).
  - Contact information where the staff member(s) organizing the trip and trip participants can be reached during the trip in the event of an emergency.
  - Information regarding the cost of the trip, payment deadlines, and any required or available insurance (health, trip cancellation, baggage, etc.).
  - Any trip-specific rules that students are expected to follow, along with a reminder that all regular school rules, Board Policies and Administrative Regulations remain in effect during the trip.
  - If applicable, written notice to parents/guardians that there will be times when students are not under the direct supervision of District chaperones (examples: while in home stays, in hotel rooms, visiting schools and in classes, with host student groups).

10. Hold at least one meeting of parents/guardians and students to review the trip itinerary, expectations regarding student conduct on the trip, and procedures to be followed in the event of an emergency.
11. Hold at least one meeting of all chaperones attending the trip to review the trip itinerary, responsibilities and expectations of chaperones on the trip, and procedures to be followed in the event of an emergency.
12. Ensure adequate records are kept of all funds paid by students attending the trip, if applicable, and ensure that such funds are promptly deposited into a student activity account for the particular trip/program.
13. Obtain proof of medical coverage for each participant, either through family coverage or purchase through the District, if required.
14. Notify the attendance office of all students who will be absent from school as a result of attending the trip.
15. Obtain and take on the trip emergency contact information for each student attending the trip in case of an emergency. Submit a copy of this emergency contact information to the building principal or designee prior to departure.
