

*Food and Nutrition Services*School Meal Account Procedures / Meal Charging Policy

A student's meal status is always kept confidential. All students have accounts to purchase their meals and are treated the same at the register.

Parents/guardians are responsible for their student's cafeteria food purchases and are expected to maintain payments on any outstanding account balance for cafeteria food purchases. Parents/guardians may request in writing that the District restrict their child's purchase of a la carte food items and/or meals at any time.

The procedures for notifying parents/guardians of low and negative balances and collecting negative balances are detailed below. However, students will be permitted to charge meals (breakfast and/or lunch), and will not be denied a meal because of the insufficient funds in their student meal accounts. In addition to purchasing a meal, students are permitted to charge a la carte food items, even if their individual student meal accounts lack sufficient funds, as long as their balance is not negative \$50 or more. In any event, the District will initiate procedures to restrict a la carte purchases when the student's negative meal account balance exceeds \$50 and the student will only be permitted to purchase a breakfast and lunch meal.

Students may not be publicly identified or stigmatized, or required to perform chores or other work when they cannot pay or have a negative student meal account balance. Schools will not require a student to discard a school meal after it has been served to the student, even if the student is unable to pay for the meal or has a negative student meal account balance.

Low & Negative Account Balance Notification

If a student has an account balance of \$5.00 or less, the parent/guardian will be notified at least weekly by email or a notice distributed in homeroom or in student folders that are brought home to the parent/guardian. The envelope containing this notice should be marked "confidential – to be opened by addressee only." If the student's outstanding account balance due reaches or exceeds five (5) school meals, including breakfasts and/or lunches, a request for payment letter will be mailed or emailed to the student's parent/guardian, which shall also include a request that the parent/guardian apply to participate in the school food program. In addition, a school official will contact the parent/guardian to resolve the outstanding account balance due by one or more of the following methods: telephone, electronic communication, certified letter, and again request that the parent/guardian apply to participate in the school food program. These contacts will continue until the outstanding account balance due is satisfied or has been determined to be uncollectible.

If the student's outstanding account balance due is in excess of \$50.00 and remains unpaid for more than 30 days, the parent/guardian may incur additional collection charges on the outstanding balance. If a good faith effort is not made towards payment of the outstanding balance due, then a referral to an outside authority or agency may be made.

Parents/guardians experiencing economic hardships may request payment arrangements from the District.

Additional Information

The Principal or designee shall notify Food and Nutrition Services regarding departing students so that account balances can be rectified prior to their departure. Information on meal prices, menus, how to apply for free or reduced priced meals, how to check a school meal account balance or add funds to such accounts can be found on the District's Food and Nutrition Services webpage.

Delinquent School Meal Account Debt

After taking reasonable steps to collect delinquent school meal debt, which shall include at least two written correspondences, as outlined above, to the student's parent/guardian, unrecovered/delinquent debt at the end of each school year shall be referred to the Business Manager for appropriate action. Such unrecovered/delinquent debt shall be considered bad debt and non-federal funding sources must repay the Food Service Fund for the total amount of such unrecovered/delinquent debt. Delinquent school meal debt shall not be classified as bad debt for write off purposes until after reasonable steps have been taken to collect such delinquent school meal debt.

From time to time, parents/guardians or other individuals may choose to donate funds to the District. Donated funds may not be co-mingled with food service funds from federal or state sources or food sales. Instead, donations must be made to the District's General Fund, and transferred to the Food Service Fund at the appropriate time to offset unrecovered/delinquent student meal debt. Donated funds will not be applied to individual student meal account balances, but instead as an overall reduction of the amount of funds that would otherwise need to be transferred from the General Fund to the Food Service Fund at the end of the school year to repay the Food Service Fund for unrecovered/delinquent debt.

Distribution

This Administrative Regulation, detailing the District's local meal charge policy, shall be provided in writing to each household at the beginning of the school year, and during the school year to households who transfer to the District during the school year.
