

*Student Production of Goods and Services*

Student performances, or production of goods or services, which may, incidental to their primary educational purpose, be used by or for the benefit of outside organizations and individuals, shall not be undertaken, unless the activity supplements and does not interfere with the regular school program. In any event, the school district shall not incur any cost for such activities that do not support the established school program. Students shall not be asked to engage in repetitive, routine activities beyond the point at which they have educational value.
