Adoption of School Calendar

The Superintendent shall annually present to the Education Committee a proposed school calendar for the succeeding school year.

The presentation to the Education Committee shall occur no later than the November Education Committee meeting. Upon recommendation by the Education Committee, the full board will consider it at its earliest opportunity.

Alteration of School Calendar

The Board reserves the right to revise the school calendar when the revision is in the best interest of the District.

In addition to any revisions the Board may make, the Superintendent is authorized to adjust the days and the hours when the schools shall be in session as established in the school calendar based on inclement weather and other unforeseen circumstances without prior Board approval when obtaining prior Board approval of such revision is not practical.
