Athletic Update:

### **Health Screening Protocols Revised:**

Beginning on Monday, October 12<sup>th</sup>, the Athletic Department will use the health screenings completed by parents through Power Schools <https://powerschool.tesd.net/public/>. **Parents** will be required to submit a daily health screening for each student attending school in-person or participating in athletic events. Failure to complete the screening could impede your players ability to participate in the athletic event.

Upon entering practice, the student will be required to provide proof of completion to their coach by using Power Schools and showing the screen on their phone indicating that they have completed it. A [brief video](#) is available to show your player how to access this correctly. Any student who does not have a completed daily health screening must complete an in-person screening with our trainers on site. Students are reminded to stay home if they are not feeling well.

Protocols when in school and attending Practices/ Home Games and Away Games:

### **Practices:**

Students have almost an hour to go home and retrieve all necessary equipment and return for practice. If that is not possible, the students can carry their necessary practice equipment with them throughout the day and change in one of the restrooms for their daily practice at the end of their school day. If the equipment is too bulky to carry, the students can place their equipment in the cafeteria and retrieve these items at the end of the school day. The Chester County Health Department doesn't recommend the use of locker rooms at this time.

### **Home Games:**

The students will have time to change in one of the restrooms located in the school or at Teamer Field at the end of the day. At this time for indoor events, only the team (JV or Varsity not both) that is playing and their opponent is permitted in the gymnasium. No spectators.

### **Away Games:**

We will have two dismissal times for each away event, one for students at school (in person) and one for students at home (virtual). Students who are virtual will have extra time allotted for travel. Dismissal times will be announced prior to each away game as follows:

- Opponents further away will be 2:20pm dismissal for students choosing in person and 2:05pm for virtual students.

- Closer opponents will be 2:30pm dismissal for students choosing in person and 2:15pm for virtual students.

Students who are “in person” will have time to collect their belongings and choose to either take the bus (if one is required) or provide their own means of transportation to the event. The Chester County Health Dept encourages families to provide their own means of transportation to school and competitions.
