

Who Are We?

We are a group of parents and caregivers who have students with all types of learning differences, in the Tredyffrin-Easttown School District.

We Are Here to Help

Whether you are just starting to have concerns about your child or he/she is in the process of getting evaluated - or your child already has a 504 Plan, an Individualized Education Plan (IEP) or a Gifted IEP – we are here for you. We are here to support one another, share our experiences and be a resource to each other.

Monthly Meetings

We host monthly meetings with expert speakers on various topics. The meetings are held on a weeknight, from 7:00 - 8:30 pm. Some of our meetings are only for parents and caregivers. Other meetings are open to all and we welcome school district representatives to join us.

Connect with Us

To join our email list for meeting announcements, to ask questions or join our parent-only online forum contact one of us:
