Dear Parents of English Language Learners:

On behalf of the Tredyffrin/Easttown School District, I would like to welcome you and your family to our community.

Our goal is to offer your child the best education as she/he enters a new culture and learns a new language.

We welcome you to be a part of the activities that our schools offer. When schools and parents work together, it helps children succeed in school.

Our ESL specialists and teachers will keep you informed about your child's progress in school. They will suggest activities that you do with your child at home. We also invite you to share your ideas with us and keep teachers informed about your child.

We look forward to seeing you at school activities. We hope that you and your child will feel comfortable in our school district.

Once more, welcome to our school district and to your new community!

Sincerely,

Dr. Oscar Torres
Supervisor of E.S.L.
