

Latinx Culture Club

¡Me encanta la cultura latina y la cultura española!

- This is an opportunity to go more in depth with the language and culture.
- If you identify as Latinx / Hispanic, then this is an opportunity to explore your identity at a deeper level.
- If you do not identify as Latinx / Hispanic, then this is an opportunity to explore the culture of the language some of you may be learning, and potentially the culture of your peers/classmates!
- ALL STUDENTS ARE WELCOME TO JOIN THE CLUB!

You could be fluent in language, but are you fluent in culture?

- Greetings (sayings, gestures, besos)
- Time: social gatherings (on time is TOO EARLY!)
- Food: types of food vs. Customs (always eat and always leave some on the plate!)
- Music: what do you know about reggaetón, bachata, merengue, salsa, cumbia, vallenato, flamenco, tango, mariachi? Wanna learn how to dance some of these genres?
- La siesta en España
- Random info: Why is Vick's Vapor Rub such a household staple?

Me: I just got hit by a truck
