Science Olympiad is a Fall–Spring extra-curricular club dedicated to increasing students' interest in science, improving scientific reasoning, and developing thought processes through lab, test, and building activities. It requires teamwork, dedication, and commitment to meetings **as well as working on events independently outside of school.**

The club is open to 5th through 8th graders; however, due to Division B State guidelines, only 6th through 8th graders participate in Regional and State competitions. A calendar of meetings will be provided to the students and posted to the Science Olympiad Schoology group. Most meetings are Mondays or Thursdays after school in room 108 or room 122A. There will be some 5<sup>th</sup> period activity meetings for 7<sup>th</sup> & 8<sup>th</sup> grade fall sports players who wish to participate in the club. As competition dates approach, meetings may be more frequent. The first (invitational) competition will be on **Saturday, January 6<sup>th</sup>**, at Rustin High School in West Chester, PA.

**Please sign the attached permission slip form and include your email address for future communications. Have your child return it to the folder outside room 108 or bring it to a meeting.**
