Arbitration Date

Arbitration Time

Defendants are cautioned that the scheduling of an arbitration date does not alter the duty of the defendant to respond to the complaint and does not prevent summary disposition from occurring prior to the arbitration date.

This matter will be heard by a Board of Arbitrators at the time and date specified but, if one or more of the parties is not present at the hearing, the matter may be heard at the same time and date before a judge of the court without the absent party or parties. There is no right to a trial *de novo* on appeal from a decision entered by a judge.

Notice of Trial Listing Date

Pursuant to C.C.R.C.P. 249.3, if this case is not subject to compulsory arbitration it will be presumed ready for trial twelve (12) months from the date of the initiation of the suit and will be placed on the trial list one (1) year from the date the suit was filed unless otherwise ordered by the Court.

To obtain relief from automatic trial listing a party must proceed pursuant to C.C.R.C.P. 249.3(b), request an administrative conference and obtain a court order deferring the placement of the case on the trial list until a later date.

Attorneys for Petitioner,
Tredyffrin/Easttown School District

IN RE: PETITION TO REALIGN
REGIONAL ELECTION DISTRICTS IN
TREDYFFRIN/EASTTOWN SCHOOL
DISTRICT

: IN THE COURT OF COMMON PLEAS
: OF CHESTER COUNTY,
: PENNSYLVANIA
:
: NO.

**PETITION TO REALIGN REGIONAL ELECTION DISTRICTS
IN TREDYFFRIN/EASTTOWN SCHOOL DISTRICT**

Petitioner, Tredyffrin/Easttown School District, by and through its undersigned counsel, respectfully petitions this Honorable Court to grant an Order approving the realignment of its regional election districts and in support thereof, avers as follows:

1. The Tredyffrin/Easttown School District (the "District") is a school district of the second class located in Chester County, Pennsylvania, with its administrative offices located at 940 West Valley Road, Suite 1700, Wayne, Pennsylvania 19087.
2. The District has an overall population of 39,809 according to the 2010 census, and is comprised of two municipalities with a total of 24 election districts, including Tredyffrin Township (17 election districts) and Easttown Township (7 election districts).
3. The District is currently divided into three voting regions whereby three members from each region are elected to the nine-member Board of School Directors of the Tredyffrin/Easttown School District (the "Board").
4. The Pennsylvania Public School Code of 1949, § 3-303(b)(3) sets forth that, "[T]he population of each region shall be as nearly equal as possible and shall be compatible with the boundaries of election districts." 24 P.S. § 3-303(b)(3).

5. In September, 2015, the Board established a Region Reapportionment Committee (the “Committee”) to examine the population of the District’s current voting regions and develop recommendations to the Board on possible reapportionment of the regions to address uneven population numbers between regions.

6. The current region configuration, with its population deviation, is set forth as follows:

	<u>Population</u>	<u>Voting Precincts</u>	<u>Deviation from Ideal</u>
Region I	10,943 <i>(27.5% of the total District population)</i>	<ul style="list-style-type: none">Tredyffrin E-1, E-2, E-3, E-5, M-1, M-5, M-6	- 2,327 (- 17.5%)
Region II	18,393 <i>(46.2% of the total District population)</i>	<ul style="list-style-type: none">Tredyffrin E-4, M-2, M-3, M-4, M-7, W-1, W-2, W-3, W-4, W-5	+ 5,123 (+ 38.6%)
Region III	10,473 <i>(26.3% of the total District population)</i>	<ul style="list-style-type: none">Easttown 1, 2, 3, 4, 5, 6, 7	- 2,797 (- 21.1%)

A map depicting the current configuration of the District’s regional election districts is attached hereto as Exhibit “A.”

7. The present voting region configuration has a substantial disparity in population numbers with Region II comprising of more than 46% of the population and Regions I and III making up only approximately 28% and 26% of the population, respectively.

8. Pursuant to the overall District population of 39,809, the ideal population of each voting region in a three-region plan to achieve absolute equality is 13,270.

9. Under the current configuration, each voting region has a substantial deviation from the ideal population, with a maximum deviation of 59.7%.¹

10. The population in the District has drastically changed since the creation of the current voting regions, and the Committee, after holding several public meetings, concluded that due to such population changes, the District's current voting regions should be reconfigured.

11. During the public Committee meetings from October, 2015 through January 2016, the Committee reviewed population data, received comment from interested members of the public and discussed the viability of numerous options to reconfigure the voting regions.

12. Ultimately, the Committee presented a recommendation to the full nine-member Board to adopt a plan, which became known as "Option B", hereinafter the "Proposed Plan," to make the regions more equal in population.

13. The Proposed Plan is set forth as follows:

	<u>Population</u>	<u>Voting Precincts</u>	<u>Deviation from Ideal</u>
Region I	13,386 <i>(33.6% of the total District population)</i>	<ul style="list-style-type: none">Tredyffrin E-2, E-3, E-4, E-5, M-1, M-2, M-5, M-6, W-3, W-4	+ 116 (+ 0.9%)
Region II	13,139 <i>(33.0% of the total District population)</i>	<ul style="list-style-type: none">Tredyffrin M-3, M-4, M-7, W-1, W-2, W-5	- 131 (- 1.0%)
Region III	13,284 <i>(33.4% of the total District population)</i>	<ul style="list-style-type: none">Tredyffrin E-1Easttown 1, 2, 3, 4, 5, 6, 7	+ 14 (+ 0.1%)

A map depicting the Proposed Plan of the District's regional election districts is attached hereto as Exhibit "B."

¹ Maximum deviation is computed by calculating the difference between the largest and smallest region (7,920) divided by the ideal region (13,270).

14. The Proposed Plan will remedy the present disparity in population numbers and largely reduce each respective region's deviation from the ideal population.

15. The Proposed Plan's realigned voting regions are of nearly equal population, representing 33.6%, 33.0% and 33.4% for Regions I, II and III, respectively.

16. Under the Proposed Plan, Regions I, II and III deviate from the ideal population by only 0.9%, 1.0% and 0.1%, respectively.

17. Moreover, the maximum deviation of the Proposed Plan is only 1.9%.²

18. As such, the Proposed Plan's regional deviations from the ideal population constitute only minor deviations (below 10%).

19. The Proposed Plan's maximum population deviation also falls within the category of minor deviations (below 10%).

20. The Proposed Plan's regional configuration will be compatible with the existing boundaries of the municipal election districts.

21. The nearly equal population of the Proposed Plan's realigned voting regions indicates that each person's vote will be given equal weight in the election of representatives.

22. In developing and evaluating the various realignment options, the Committee and the Board engaged in careful consideration of factors such as population data, existing election boundaries and public comment.

23. The Proposed Plan was not the result of arbitrariness or discrimination.

24. The Proposed Plan satisfies the requirements of § 3-303(b)(3) of the Public School Code relating to electoral boundaries and population equity.

25. The Proposed Plan will rectify the present population imbalance between the voting regions and satisfy the requirements of the Fourteenth Amendment and the Pennsylvania Public School Code of 1949.

26. The Board intends for the Proposed Plan to be effective for the 2017 election cycle.

² The difference between the largest and smallest region (247) divided by the ideal region (13,270).

27. The Proposed Plan's realignment will not disrupt the Board's regional representation requirements. Any sitting Board member who no longer resides in the voting region from which he or she was elected after realignment will remain on the Board, as a representative of his or her prior region, until his or her seat is up for re-election. See Resident Electors of the Pennsbury School Bd v. Pennsbury School Bd, 572 A.2d 1303 (Pa. Cmwlth. 1990) (Sitting Board Members who no longer lived in regions from which they had been elected were allowed to retain their seats until they were up for re-election).

28. At the 2017 election and any subsequent election, any Board member whose residence has been realigned to a different election district will have to seek election from the voting region that then contains his or her residence to remain on the Board.

29. Pursuant to an April 25th Resolution of the Board, the Board has authorized the filing of this Petition to request approval of the Proposed Plan to realign the District's regional election districts. A true and correct copy of the Board's Resolution is attached hereto as Exhibit "C."

WHEREFORE, Tredyffrin/Easttown School District respectfully requests that the Court grant its Petition to Realign Regional Election Districts and approve the Proposed Plan to be effective in the 2017 election cycle and thereafter.

Respectfully submitted,

Dated: April 27, 2016

Proposed Plan for School Board Region Reapportionment – District Plan B

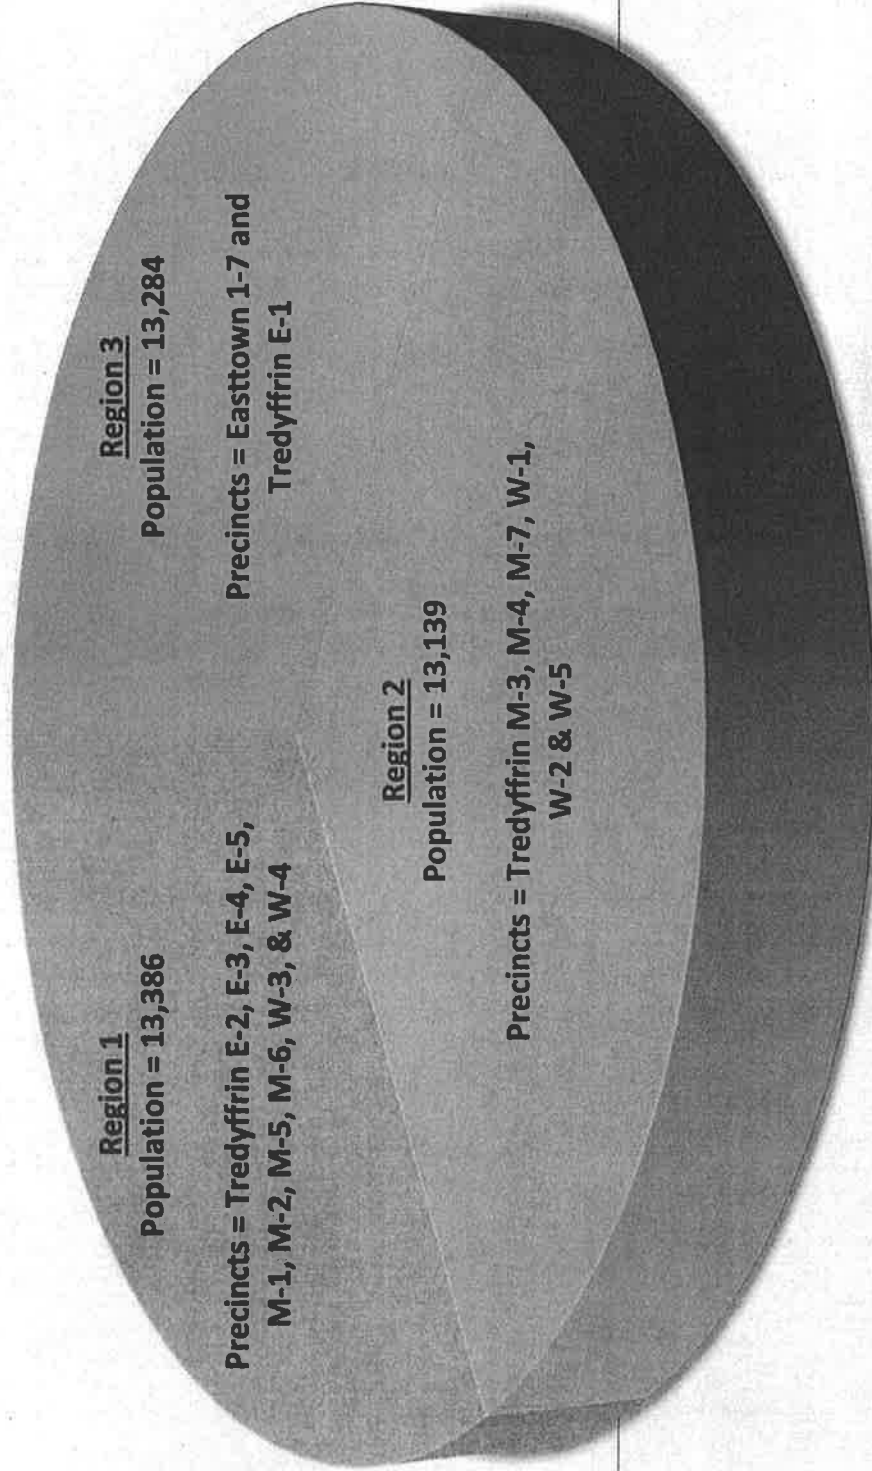

EXHIBIT C

**TREDYFFRIN/EASTTOWN SCHOOL DISTRICT
CHESTER COUNTY, PENNSYLVANIA**

RESOLUTION NO. N/A

**RESOLUTION AUTHORIZING THE RECONFIGURATION AND REALIGNMENT OF
REGIONAL ELECTION DISTRICTS IN THE TREDYFFRIN/EASTTOWN SCHOOL
DISTRICT**

WHEREAS, in September, 2015 the Board of School Directors of the Tredyffrin/Easttown School District (the "Board") approved and formed a three-member ad hoc committee known as the School Board Region Reapportionment Committee (the "Committee"); and

WHEREAS, the Committee was tasked with examining the population of each of the Tredyffrin/Easttown School District's (the "District") currently established voting regions and developing recommendations to the Board on possible reapportionment of the regions to address any uneven population numbers between regions; and

WHEREAS, the Committee concluded that due to the apparent population disparity in the regions, the District's current regional election plan needs to be revised; and

WHEREAS, the District desires to reconfigure the voting regions to form boundaries such that the population of each region is as nearly equal as possible; and

WHEREAS, in accordance with the Public School Code of 1949, the District must develop a redistricting plan that is in accordance with statutory law; and

WHEREAS, the Committee evaluated multiple reapportionment plans, some created internally by the District, and others submitted by community members, and ultimately narrowed its consideration to three viable regional options, which have been referred to as Option "B," Option "X" and Option "Y"; and

WHEREAS, the Committee reviewed relevant information, including population information and public comment before concluding the following:

1. A recommendation to change the current District regional voting region boundaries is necessary to address the apparent population disparity between the currently structured regions;
2. The current three region structure and three representatives per region election plan, with the population being as nearly equal as possible in each regional election district, remains the preferred alignment; and
3. Option "B" would be the plan to recommend to the full nine-member Board as best satisfying the statutory requirements and other criteria established by the Committee; and

WHEREAS, after a series of public committee meetings and discussion at this meeting, the full nine-member Board considered the following:

1. The Committee's recommendation that change is necessary to address the apparent population disparity among the currently structured voting regions;
2. The current population dispersion within the District boundaries,
3. The Committee's recommendation that three region structure with three representatives per region, with the population as nearly equal as possible in each region, remains the preferred alignment;
4. The Committee's recommendation to select Option "B"; and

WHEREAS, Option "B" includes the redistricting of the following Voting Precincts:

Tredyffrin E-1 from Region I to Region III; and

Tredyffrin E-4, W-3, W-4, & M-2 from Region II to Region I,

resulting in a more equitable distribution and representation of District population.

NOW, THEREFORE, the Board of School Directors of the Tredyffrin/Easttown School District hereby resolves as follows:

1. The Board hereby accepts the recommendations of the Committee:
 - a. that change is necessary to address the apparent population disparity among the currently structured voting regions;
 - b. that a three region structure, with three representatives per region, with the population as nearly equal as possible in each region, remains the preferred alignment; and
 - c. that Option "B", which includes the redistricting of Voting Precincts:

Tredyffrin E-1 from Region I to Region III; and

Tredyffrin E-4, W-3, W-4, & M-2 from Region II to Region I

is the preferred alignment.

2. The Board hereby authorizes its Solicitor, Wisler Pearlstine, LLP, to prepare a Petition that conforms with the requirements of Section 3-303 of the Public School Code of 1949 and to file the Petition with the Court of Common Pleas of Chester County to have approved a new voting region plan consistent with the recommendation of the Committee to adopt "Option B" to go into effect for the School Board elections in 2017.
3. Wisler Pearlstine, LLP will also be authorized to defend against any alternate petitions that are filed with the Court of Common Pleas of Chester County.

4. Wisler Pearlstine, LLP is further authorized to not only prepare and file the Petition but also attend any hearing or hearings or defend against any other petitions that may be filed by any citizens' group in conjunction with the Committee's recommendation.
5. The officers of the Board of School Directors of the District, the administrative officers of the District and the solicitor of the District are hereby authorized and directed to do such other things on behalf of the District as may be necessary and appropriate to implement the intent and purposes of this Resolution
6. This Resolution shall take effect immediately.

DULY ADOPTED by the Board of School Directors of the Tredyffrin/Easttown School District, in lawful session duly assembled, this 25th day of April, 2016.

ATTEST:

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

Chester County, Pennsylvania

By: _____

Mr. Arthur J. McDonnell
Board Secretary

By: _____

Mr. Doug Carlson, President of the
Board of School Directors

VERIFICATION

I, Wendy Towle, hereby state that the facts set forth in the foregoing Petition to Realign Regional Election Districts in Tredyffrin/Easttown School District are true and correct to the best of my knowledge or information and belief.

I understand that this Verification is made subject to the penalties of 18 Pa. C.S.A. § 4904 relating to unsworn falsification to authorities.

Dated: April 25, 2016

Dr. Wendy Towle
Director of Curriculum, Instruction,
Staff Development and Planning
Tredyffrin/Easttown School District
