December 8, 2022

TO: The Residents and the Board of School Directors of the Tredyffrin/Easttown School District

We are pleased to present the Annual Comprehensive Financial Report ("**ACFR**") of the Tredyffrin/Easttown School District for the fiscal year ended June 30, 2022. The report was prepared by the District's Business Office with assistance from our independent auditors, BBD, LLP. This report is prepared in conformity with generally accepted accounting principles ("**GAAP**") in the United States of America for governments as promulgated by the Government Accounting Standards Board ("**GASB**"). It is presented in a manner designed to fairly set forth the economic conditions and results of operations of the District as a whole as measured by the financial activity of its funds, and all disclosures necessary to gain a clear understanding of the District's financial affairs have been included.

Responsibility for the accuracy of the presented data and the completeness and the fairness of the presentation, including all disclosures, rest with the Superintendent and the Business Manager. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we believe the data presented in the financial report is accurate and reliable in all material respects.

BBD, LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the Tredyffrin/Easttown's financial statements for the year ended June 30, 2022. The report is located at the beginning of the Financial Section of this report.

Management's Discussion and Analysis ("**MD&A**") immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A is a complement to this letter of transmittal and should be read in conjunction with it.

Organization of the Report

For the convenience of users, we have divided this annual comprehensive financial report into four major sections, described as follows:

The **introductory section** includes this transmittal letter, map of the district, list of school board members and District administrators, the organizational structure of Tredyffrin/Easttown School District, list of instructional buildings and district office, and a list of consultants and advisors.

The **financial section** includes the independent auditor's report on the financial statements and schedules; the District's management's discussion and analysis information; the government-wide financial statements; the fund financial statements; the notes to the basic financial statements; the required supplementary information as well as the combining statements and individual fund schedules.

The **statistical section** is unaudited data which includes selected financial and demographic information, generally presented on a multi-year basis.

The **single audit section** contains information relating to the District's single audit in conformity with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" (Uniform Guidance) and the independent auditor's reports on compliance and internal control.

The report provides valuable management information. The Annual Comprehensive Financial Report will be made available on the district's website at www.tesd.net.

Profile of the District

The primary responsibility for the activities of a school district lies with the locally elected nine-member Board of School Directors ("**Board**") who are elected for a four-year term and must direct the affairs of the school district within the framework of the Pennsylvania School Code, other state laws and various regulations and standards. These regulations and standards are established primarily by the Pennsylvania Department of Education, the State Board of Education, the Pennsylvania State Legislature, and other state agencies. The Superintendent is the Chief Administrative Officer of the school district with overall responsibility for all aspects of operations including education. The Business Manager is responsible for budget and financial operations. Both the Superintendent and Business Manager are appointed by the Board.

The Tredyffrin/Easttown School District serves the townships of Tredyffrin and Easttown, encompassing 38 square miles in eastern Chester County with an estimated population of 529,924. The area is primarily made up of single-family homes, and includes such notable communities as Paoli, Devon, Berwyn, Daylesford, Chesterbrook, Strafford and Wayne. The District is approximately 20 miles northwest of the City of Philadelphia. A map of the District can be found at the end of this transmittal letter.

Historically, Tredyffrin/Easttown School District and the surrounding area, known as the Great Valley, were settled by Welsh Quakers who purchased the land from William Penn. Valley Forge National Park is adjacent to Tredyffrin Township and lends a richness of history and beauty to the area.

Support Services are available throughout the community. FLITE, Foundation for Learning in Tredyffrin/Easttown, works in partnership with the Tredyffrin/Easttown School District to help all District students reach their potential. FLITE recognizes that some children do not have the financial, emotional, and environmental support to succeed in school. FLITE aims to invest in helping these students, and thereby invest in the good of our entire community. FLITE also recognizes that the District faces increasing pressures regarding adequate funding of its programs and will consider proposals for support of programs or activities that enhance the total offerings of the school district.

The Upper Main Line YMCA provides recreational activities, including year-round tennis and swimming. Residents of both townships are served by active park and recreation boards which sponsor summer day camps, sports clinics, and winter recreation programs. Local community parks offer playgrounds, basketball courts, tennis courts and baseball fields. The Tredyffrin Library, the Easttown Library and the smaller Paoli Library are part of the Chester County Library System, and their many services are free to residents. The Main Line School Night and the Chester County Intermediate Unit's Center for Arts and Technology offer adult training and vocational education. In addition, T&E Care, a non-profit organization devoted to helping local families in need, is comprised of community members who want to make a difference in the lives of others.

The purpose of the District is to provide an educational system kindergarten through 12th grade. Approximately 7,000 students attend Tredyffrin/Easttown's eight schools. The District has five elementary schools, grades K-4; two middle schools, grades 5-8; and one high school, grades 9-12. The average student to teacher ratio is as follows: kindergarten and grade 1, 23:1; grade 2, 24:1; grades 3 & 4, 26:1; and grades 5-12, 28:1. During the 2021/22 school year, the District had 49 students attend Charter/Cyber school with a cost of \$814,274. In 2008, Philadelphia Magazine ranked the school district the best in the Philadelphia area, and the District remains a top-rated school district today. Below is a table of student enrollments for the last five years. The table also includes projections for the next five years of students provided by Sundance Associates in their October 2022 demographic study.

ACTUAL					
GRADE	2017-18	2018-19	2019-20	2020-21	2021-22
K - 4	2,400	2,501	2,537	2,369	2,386
5 - 8	2,303	2,323	2,394	2,254	2,193
9 - 12	2,197	2,219	2,243	2,318	2,335
Total	6,900	7,043	7,174	6,941	6,914
PROJECTIONS					
GRADE	2022-23	2023-24	2024-25	2025-26	2026-27
K - 4	2,334	2,324	2,344	2,378	2,407
5 - 8	2,186	2,204	2,169	2,138	2,127
9 - 12	2,344	2,219	2,183	2,211	2,202
Total	6,864	6,747	6,696	6,727	6,736

Conestoga High School's Class of 2021 included 559 students, of which 98% chose to continue their education at colleges and universities. Ninety-five percent of the students selected four-year programs, while 3% were enrolled in two-year programs. The remaining 2% of students chose to pursue the military, employment, gap year or were undecided. In a typical year, more than 75% of Conestoga graduates attend colleges listed in *The Best 378 Colleges*, a publication of the Princeton Review. The Class of 2021 included 39 National Merit Semifinalists, 50 National Merit Commended Students and 5 National Hispanic Scholars. In May 2021, 900 Conestoga students completed 1,883 AP tests. For the Class of 2021, 62% of students took at least one AP test during high school and scored a 3 or better. The Class of 2021 mean SAT scores were 647 for evidence-based reading and writing and 667 for math, well above the state and national means.

The District employs approximately 760 full-time equivalent employees ("**FTE**"s). Employees are comprised of 31 full-time administrators and 170 full-time support staff, 55 part-time employees, and a teaching staff of 513. Teachers in the District are members of the Pennsylvania State Education Association (PSEA) and Tredyffrin/Easttown Education Association (TEEA), which is the representative bargaining unit. A new successor contract with the Association was approved on August 4, 2022, for the period of July 1, 2023, through June 30, 2027.

Professional Staff Profile

Number of Teachers	513
% Certified Teachers	100%
% of Teachers with Bachelor's Degrees	13.25%
% of Teachers with Master's Degrees	83.25%
% of Teachers with Doctorate's Degrees	3.5%
Average Teacher Salary	\$92,648
Average Years of Experience	12.43

The support staff are members of the Tredyffrin/Easttown Non-Instructional Group ("**TENIG**"), which is the representative bargaining unit. A new TENIG collective bargaining agreement was approved for July 1, 2022, through June 30, 2025. Below is a list of TENIG positions and FTE's.

<u>Support Staff</u>	<u>FTE's</u>
Secretarial	48.69
Custodial	50.00
Maintenance	15.00
Security	9.50
Food Service	32.40

The District has a goal of ensuring students, families, and staff are physically safe and psychologically secure in our buildings. In conjunction with our contracted architectural firm, buildings are evaluated annually to maintain the infrastructure and ensure safety. Our schools are compliant with current safety codes and regular fire and security drills are performed. The Commonwealth of Pennsylvania, Department of Auditor General, conducts performance audits on school safety including fire and security drills. The most recent audit in December 2021 had no findings. Below is a table of school buildings of the District, original year of construction, year of additions/renovations, square footage, grades served and student enrollment.

Building	Year of Construction		Square Footage	Grades Served	2021-22 Enrollment
	Original	Addition/Renovation			
Beaumont Elementary School	1965	1993/94, 2002	75,740	K-4	465
Devon Elementary School	1957	1960, 1967, 1993/94	65,110	K-4	396
Hillside Elementary School	1961	1966, 1993/94, 2001	70,960	K-4	440
New Eagle Elementary School	1964	1967, 1975, 1993/94, 2014	66,640	K-4	505
Valley Forge Elementary School	1958	1959, 1993/94, 2002	73,480	K-4	580
Tredyffrin Easttown Middle School	1908	1928, 1938, 1960, 1970, 1998/99, 2008	158,750	5-8	1,052
Valley Forge Middle School	1965	1998/99, 2006	150,082	5-8	1,141
Conestoga High School	1954	1959, 1967, 1985, 1990, 2004, 2021	384,992	9-12	2,335

Reporting Entity

The Tredyffrin/Easttown School District is an independent reporting entity and a primary government as defined in the criteria established in the GASB *Codification of Governmental Accounting and Financial Reporting*. The basic criteria for determining the inclusion in the reporting entity is financial accountability and the nature and significance of the relationship.

Internal Controls

The object of a system of internal controls is to provide reasonable, not absolute, assurance that the District's assets are properly protected and to ensure that financial transactions, which are relied on in the preparation of financial reports, are accurately recorded. The concept of reasonable assurances recognizes that the cost of the

system of internal controls should not exceed the benefits likely to be realized and that the valuation of cost and benefits requires estimates and judgements by management. The District has established policies and procedures to effectively implement and maintain a system of internal accounting controls. Management and independent auditors continually evaluate these policies and procedures to ensure the adequacy and effectiveness of the internal control structure.

Budgeting

The District's budget development process is motivated by the following three major objectives: (1) to provide students with exceptional educational opportunities; (2) to maximize the use of all available resources to optimize student achievement in a manner that is fiscally responsible; and (3) to comply with applicable law. The District follows the Pennsylvania Public School Code requirements, the procedures mandated by the Pennsylvania Department of Education, and the District's policies and regulations for annual general fund budget approval. Pennsylvania State Code requires that each Pennsylvania school district prepare and adopt an annual appropriation budget for the general fund. The District's annual general fund budgets sets forth District expenditures and revenues and establishes the tax levy prior to the beginning of each fiscal year. The total amount of the budget may not exceed expected revenue plus a reasonable contingency and reserve. At least thirty days prior to adoption of the final budget, the Board prepares and presents a proposed final budget which is set forth in detail using the forms required by the Pennsylvania Department of Education. The Board holds several public meetings on the development of the annual budget prior to the meeting at which the budget is formally adopted. The final budget adoption must occur prior to June 30th.

According to the Pennsylvania School Code, spending may not exceed the approved budget. To adjust for price changes and other changes to the original budget assumptions, the District allows for the transfer of funds among budget line items upon approval of the Board. By law, budget transfers are only allowed the last nine months of the fiscal year and all transfers require Board approval.

Economic Condition and Outlook

Pennsylvania School Districts' major revenue source, property taxes, are subject to a legislated cap, which limits property taxes above the cap subject to certain exceptions. This cap is referred to as the Act 1 Index, and the exceptions are for costs exceeding that cap for employee retirement and special education expenditures. The Act 1 Index is used to determine the maximum tax increases for each tax the school district levies without Pennsylvania Department of Education exception or voter approval. The base index is calculated by averaging the percent increases in the Pennsylvania statewide average weekly wage and the Federal employment cost index for elementary/secondary schools. Additionally, for school districts with a market value/personal income aid ratio (MV/PI AR) greater than 0.40, the value of their index is adjusted upward by multiplying the base index by the sum of 0.75 and their MV/PI AR. The property taxes for Tredyffrin/Easttown School District have been at an average tax rate increase for the last five years of 2.93%. The District has an exceptionally healthy economy and tax base, with a median family income at a robust 224.4% of the US level, full value per capita (\$217,151) is much stronger than the US median, and the total full value (\$8.7 million) is materially above other Moody's-rated school districts nationwide.

The financial position of Tredyffrin/Easttown School District is strong and is consistent with its Aaa rating from Moody's. Some of the key factors contributing to its Aaa rating is the District's nominal size of reserves that is well above the national average, the cash balance as a percent of operating revenues is slightly higher than the US median, and the fund balance (reserves) as a percent of operating revenues approximates the US median. The largest industry sectors that drive the local economy are professional/scientific/technical services, health services, and finance/ insurance.

The challenges facing the District, along with other Pennsylvania Schools, is the rising cost of special education, state retirement contributions, and charter school tuition. The District continually explores new and enhanced methods of delivering the best education possible for students while minimizing the financial impact on the taxpayers.

Long-term Financial and Capital Planning

The District has established policies and regulations regarding the budget development process and fund balance (reserves) management, along with many other financial policies and regulations that contribute to the successful education of students through sound fiscal management. During the development of the budget, the District also forecasts revenue and expenditures five years into the future. Capital projects are funded by budgeted transfers from the General Fund, actual revenues exceeding actual expenditures, and bond issuances. The District also maintains a committed General Fund fund balance for capital projects. The District has a long-term capital source and use plan enabling the District to properly maintain current infrastructure while planning for additional capital improvements based on forecasted future student enrollment. This process also allows the District to forecast for future funding needs like bond issuances to maintain a serviceable debt schedule. The District is dedicated to maintaining a reasonable fund balance sufficient to mitigate current and future financial risks and to ensure stable tax rates. An adequate fund balance is one of many reasons that the District has a "Aaa" bond rating with Moody's therefore reducing future interest expense. Any revenue over expenditures recognized at year end has typically been transferred to the capital fund to further reduce the need for additional borrowing with bonds. The District's twelve-year projection in the infrastructure and capital improvement plan is evaluated annually to ensure the financial plan satisfies the capital needs of the District.

Major Initiatives

Curriculum

The curriculum of the Tredyffrin/Easttown School District is vertically articulated and horizontally enriched. It is based on and expands upon Pennsylvania State Standards, Chapter 4, and national content standards, and attends to available global standards. A designated curriculum supervisor is assigned to each of the District's curricular areas to ensure cohesiveness and consistency.

Curriculum is developed by District teachers under the guidance and direction of curriculum supervisors. Curriculum development is reviewed by the Board Education Committee and approved by the Board of School Directors. Cross-grade-level teams of teachers design curriculum in beginning and end of year in-services to ensure that the curriculum is standards-based, is properly spiraled from kindergarten through grade twelve, and that it incorporates District initiatives beyond basic learning standards. These initiatives include, but are not limited to, equity and social justice, critical and creative thinking, self-directed learning, written and oral communication, technology and information literacy, and ethical academic behavior.

The District's instructional program is organized and communicated via the research based Tredyffrin/Easttown School District Teacher Model. The Teacher Model expands and describes in some depth the areas of planning and preparation, classroom environment, instructional delivery, and professionalism. All teachers and administrators in the District have received training on the Teacher Model, and the model is completely accessible to all professional staff members. This model forms the basis for teacher reflection on personal performance and for teacher evaluation.

Instructional materials are selected and designed to support the District's curriculum. The District is committed to providing students with multiple sources of instructional materials, from text materials to primary source materials. Web-based materials are utilized, with both teachers and students being guided to be critical consumers of all sources of information. The District invests substantial resources and support into the design of teacher-made materials. These are most often produced in a collaborative summer workshop setting, with teachers working under the guidance of District supervisors and administrators. Curricular materials are available for review by parents upon request.

The Tredyffrin/Easttown School District allocates considerable financial and human resources to the development and updating of District curriculum, instructional strategies, and instructional materials. The design model is fully collaborative and is based on state and content-specific standards.

This base is extended through the explicit teaching of critical thinking skills, self-directed learning, and other content development themes that support life-long learning. Materials to deliver the curriculum range from texts to primary sources, to teacher made materials, to web-based sources. The District's instructional model implements research-based best practices and is systematized so that it is accessible to all who are responsible for instructing students.

CHS Renovation and Addition Project

The District recently completed a \$34.8 million renovation and expansion project to the Conestoga High School. In addition to the new atrium, which includes skylights allowing for abundant natural light providing an inviting, well-lit space for students, the new addition contains over 20 instructional spaces and countless collaborative spaces for students to work together or individually. The instructional spaces include regular educational classrooms, science labs, specially designed classrooms to meet the needs of technology, creativity, and STEAM (science, technology, engineering, arts, and math). In addition, portions of the existing building were renovated including additional instructional spaces, expanded administrative/counselor offices, expanded cafeteria, additional specialized designed instructional spaces, expanded library space and a new parking lot for increase parking access to students.

A new approach to assist students in achieving a more relaxed and comfortable approach to their learning methodology was used in designing the desks and instructional furniture for the new and renovated spaces in the project. The classrooms associated with this project have been furnished with mobile chairs that allow students to find their own comfort level each period and expandable desktops that permit students to find comfortable ways to stand or sit while learning. Other areas within the school have been designed using the same design parameters as the classrooms. The library, cafeteria collaborative spaces, meeting spaces and offices have been furnished with items that create a comfortable, collaborative, and exciting learning experience for all students.

Athletic Fields Project

The Board recently approved the initial design phase of an athletic fields project which includes two turf fields, grass practice field, softball diamond, fieldhouse, concessions, maintenance facility, spectator seating and restrooms. This project will allow the District to better maximize the number of teams that can play and practice on school property which reduces the need for and cost of busing. This project will provide internal circulation roads thus decompressing traffic around Conestoga High School and Tredyffrin/Easttown Middle School, minimizing the number of evening sporting events, increasing community group access, and increasing outside facility revenue.

Overview

These major initiatives support the District's goals of (1) providing an educational program aligned with PA Core Standards, state assessments and District strategic initiatives to meet the needs of all students; (2) ensuring students, families, and staff are physically safe and psychologically secure in our buildings; and (3) providing infrastructure and sustainable resources to accommodate the District's evolving needs. The District's twelve-year infrastructure and capital improvement plan is evaluated annually to ensure the integrity and safety of our buildings, enables the Board to monitor the progress and achievement of these goals.

The Residents and the Board of School Directors of the Tredyffrin/Easttown School District
December 8, 2022

Acknowledgements

The preparation of this Annual Comprehensive Financial Report on a timely basis could not have been accomplished without the daily commitment of the entire staff of the Business Office. We would also like to express our appreciation and respect to the administrators and employees of the Tredyffrin/Easttown School District for their interest and dedication in planning the financial affairs of the Tredyffrin/Easttown School District in a responsible and progressive manner.

Respectfully,

Dr. Richard Gusick

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**Board of School Directors
Tredyffrin/Easttown School District
Wayne, Pennsylvania**

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Tredyffrin/Easttown School District, Wayne, Pennsylvania as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Tredyffrin/Easttown School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Tredyffrin/Easttown School District, Wayne, Pennsylvania as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tredyffrin/Easttown School District, Wayne, Pennsylvania, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 16 to the financial statements, Tredyffrin/Easttown School District adopted new accounting guidance, GASB Statement No. 87, "Leases". Our opinions are not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tredyffrin/Easttown School District, Wayne, Pennsylvania's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tredyffrin/Easttown School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tredyffrin/Easttown School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Tredyffrin/Easttown School District's 2021 financial statements, and our report dated November 3, 2021 expressed unmodified opinions on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule – General Fund, the schedules of the District's proportionate share of the net pension liability - PSERS and pension plan contributions - PSERS, schedule of changes in OPEB liability single-employer plan, and the schedules of the District's proportionate share of the net OPEB liability - PSERS and OPEB plan contributions – PSERS on pages 20 through 30 and 67 through 72 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Tredyffrin/Easttown School District's basic financial statements. The accompanying schedule of expenditures of federal awards and certain state grants, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards and certain state grants is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and certain state grants is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information Included in the Financial Statements

Management is responsible for the other information in the financial statements. The other information comprises the introductory and statistical sections, but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2022, on our consideration of Tredyffrin/Easttown School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tredyffrin/Easttown School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tredyffrin/Easttown School District's internal control over financial reporting and compliance.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

Management's discussion and analysis ("**MD&A**") of the financial performance of the Tredyffrin/Easttown School District (the "**District**") provides an overview of the District's financial performance for fiscal year ended June 30, 2022. Readers should also review the basic financial statements and related notes to enhance their understanding of the District's financial performance.

DISTRICT PROFILE

Tredyffrin/Easttown School District is comprised of five elementary schools, grades K-4; two middle schools, grades 5-8; and one high school, grades 9-12. Approximately 7,000 students attend the District's eight schools. The Tredyffrin/Easttown School District serves the townships of Tredyffrin and Easttown, encompassing 38 square miles in eastern Chester County. During 2021-2022, there were 806 employees in the District, consisting of 537 instructional staff, 30 administrators, including general administration, principals and supervisors, and 239 non-instructional staff including administrative assistants, maintenance staff, custodial staff and classroom assistants.

DISTRICT MISSION

In August 2022, the School Board approved the Tredyffrin/Easttown School District 2022 Strategic Plan. The plan was developed through the work of the District Strategic Planning Committee, which represents a microcosm of the community and includes faculty, staff, Board members, students, parents, and community partners. The goal of the Strategic Planning Committee was to design a mission and strategies that will provide an educational vision for the District for at least the next six years. The strategic planning process provided an opportunity for members of our community to share their thoughts on what we do well and where we can grow, and to lend their insight on the skill our kids need the most when they enter the world of the 2020s and beyond.

FINANCIAL HIGHLIGHTS

- On a government-wide basis, including all governmental activities and the business-type activities, the liabilities and deferred inflows of resources of the District exceeded assets and deferred outflows of resources resulting in a deficit in total net position at the close of the 2021-2022 fiscal year of \$158,027,937. During the 2021-2022 fiscal year, the District had an increase in total net position of \$16,939,373. The net position of governmental activities increased by \$16,392,249 and the net position of business-type activities increased by \$547,124.
- The General Fund reported an increase in fund balance of \$267,106, bringing the cumulative balance to \$32,554,789 at the conclusion of the 2021-2022 fiscal year.
- At June 30, 2022, the General Fund fund balance includes \$43,575 in nonspendable prepaid expenditures, \$6,406,382 committed to balance the subsequent year's budget, \$4,006,072 committed to capital projects, \$7,441,138 committed to vested employee services, \$9,127,679 committed to PSERS contingency, \$5,300,000 committed to healthcare contingency, \$229,943 assigned to athletic fund expenditures, and no unassigned amounts. Guidelines prescribed by the Pennsylvania Department of Education allow a district to maintain a maximum General Fund unassigned fund balance of 8% of the following year's expenditure budget.
- During 2021-2022, the Capital Projects Fund reported an increase in fund balance of \$21,781,735 due primarily to unspent bond proceeds related to the issuance of new debt and transfers in from the General Fund. The Capital Projects Fund fund balance of \$24,785,522 as of June 30, 2022, was restricted for the Conestoga High School expansion and renovation project and other future infrastructure and capital project expenditures.
- Total General Fund revenues and other financing sources were \$6,054,368 or 3.97% more than budgeted amounts, and total General Fund expenditures and other financing uses were \$6,540,975 or 3.97% less than budgeted amounts resulting in a net positive variance of \$12,595,343.
- In December 2019, an outbreak of a novel strain of coronavirus ("**COVID-19**") was identified and has since spread worldwide including the United States. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. The District continues to experience financial impacts from the COVID-19 pandemic.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

OVERVIEW OF THE FINANCIAL STATEMENTS

The MD&A is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position (Deficit)* presents information on all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position (deficit). Over time, increases or decreases in net position (deficit) may serve as a useful indicator of whether the financial condition of the District is improving or deteriorating. To assess the District's overall health, the reader will need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

The *Statement of Activities* presents information showing how the District's net position (deficit) changed during the most recent fiscal year. All changes in net position (deficit) are reported as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish the functions of the District that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges.

In the government-wide financial statements, the District's activities are divided into two categories:

Governmental Activities

Most of the District's basic services are included here, such as regular and special education, support services, maintenance, transportation and administration.

Business-Type Activities

The District charges fees to cover the costs of its food services program.

The government-wide financial statements can be found on Pages 31 and 32 of this report.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's funds. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the District's funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Most of the District's activities are included in the governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the governmental near-term financing decisions. Both the *Balance Sheet – Governmental Funds* and *Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds* provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the *Balance Sheet – Governmental Funds* and *Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds* for each of the three major funds.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with the budget.

The governmental fund financial statements can be found on Pages 33 through 36 of this report.

Proprietary Funds

The District maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Food Service Fund is reported as an enterprise fund of the proprietary fund type.

The proprietary fund financial statements can be found on Pages 37 through 39 of this report.

Fiduciary Funds

The District is the trustee, or fiduciary, for assets that belong to others, consisting of scholarship and student activity funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purpose and by those to whom the assets belong. Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs.

The fiduciary fund financial statements can be found on Pages 40 and 41 of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

The notes to the financial statements can be found on Pages 42 through 66 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which consists of the budgetary comparison schedule for the general fund, schedules of the District's proportionate share of the net pension liability-PSERS and pension plan contributions-PSERS, schedule of changes in OPEB liability single-employer plan, and the schedules of the District's proportionate share of the net OPEB liability-PSERS and OPEB plan contributions-PSERS.

The required supplementary information can be found on Pages 67 through 72 of this report.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted above, net position may serve over time as a useful indicator of the District's financial condition. At the close of the 2021-2022 fiscal year the District's liabilities and deferred inflows exceeded assets and deferred outflows by \$158,027,937. The following table presents condensed information for the *Statement of Net Position (Deficit)* of the District at June 30, 2022 and 2021.

	Governmental Activities		Business-Type Activities		Totals	
	2022	2021	2022	2021	2022	2021

Total net position (deficit)	<u>\$(155,013,710)</u>	<u>\$(171,405,959)</u>	<u>\$(3,014,227)</u>	<u>\$(3,561,351)</u>	<u>\$(158,027,937)</u>	<u>\$(174,967,310)</u>

The District's total assets as of June 30, 2022 were \$179,318,645 of which \$81,530,601 or 45.47% consisted of cash and investments and \$89,406,286 or 49.86% consisted of the District's investment in capital assets. The District's total liabilities as of June 30, 2022 were \$344,681,652 of which \$98,573,783 or 28.60% consisted of general obligation debt used to acquire and construct capital assets, \$183,605,697 or 53.27% consisted of the actuarially determined net pension liability, and \$21,616,194 or 6.27% consisted of the actuarially determined OPEB liability.

The District had a deficit in unrestricted net position of \$173,270,259 at June 30, 2022. The District's unrestricted net position increased by \$9,384,296 during 2021-2022 primarily due to the results of current year operations net of the change in the District's actuarially determined net pension liability and related pension items.

A portion of the District's net position reflects its restricted net position which totaled \$10,008,211 as of June 30, 2022. All of the District's restricted net position related to amounts restricted for capital expenditures. The District's restricted net position increased by \$5,675,270 due to unspent transfers in for future capital expenditures.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

Another portion of the District's net position reflects its investment in capital assets net of accumulated depreciation less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. For the year ended June 30, 2022, the District's net investment in capital assets increased by \$1,879,807 because the debt used to acquire the capital assets was being repaid faster than the capital assets were being depreciated and capital assets were acquired with funds other than debt.

The following table presents condensed information for the *Statement of Activities* of the District for 2022 and 2021:

	Governmental Activities		Business-Type Activities		Totals

Overall, the District's financial position improved but challenges such as increased medical costs, pension contributions and unfunded state mandates have a potential to impact future fiscal years. In addition, during the 2021-2022 school year, the District and its operations were disrupted by COVID-19 and its financial impact on future fiscal years is not entirely known.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

The *Statement of Activities* provides detail that focuses on how the District finances its services. The *Statement of Activities* compares the costs of the District functions and programs with the resources those functions and programs generate themselves in the form of program revenues. As demonstrated by the following graph, all of the District's governmental activities are not self-supporting.

To the degree that the District's functions or programs cost more than they raise, the *Statement of Activities* shows how the District chose to finance the difference through general revenues. The following chart shows that the District relies on tax revenues to finance its governmental activities.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

GOVERNMENTAL FUNDS

The governmental fund financial statements provide detailed information on the District's major funds. Some funds are required to be established by State statute while other funds are established by the District to manage monies restricted for a specific purpose. As of June 30, 2022, the District's governmental funds reported a combined fund balance of \$57,340,311 which is an increase of \$22,048,841 from the prior year. The following table summarizes the District's total governmental fund balances as of June 30, 2022 and 2021 and the total 2022 change in governmental fund balances.

	<u>2022</u>	<u>2021</u>	<u>Change</u>
General Fund	\$32,554,789	\$32,287,683	\$ 267,106
Capital Projects Fund	24,785,522	3,003,787	21,781,735
Debt Service Fund	-	-	-
	<u>\$57,340,311</u>	<u>\$35,291,470</u>	<u>\$22,048,841</u>

GENERAL FUND

The General Fund is the District's primary operating fund. At the conclusion of the 2021-2022 fiscal year, the General Fund fund balance was \$32,554,789 representing an increase of \$267,106 from the prior year. The increase in the District's General fund balance is due to many factors. The following analysis has been provided to assist the reader in understanding the financial activities of the General Fund during the 2021-2022 fiscal year.

The District's reliance upon tax revenues is demonstrated by the graph below that indicates 82.24% of General Fund revenues are derived from local taxes.

General Fund Revenues

	<u>2022</u>	<u>2021</u>	<u>\$ Change</u>	<u>% Change</u>
Tax revenues	\$130,281,075	\$124,565,586	\$5,715,489	4.59
State/Federal revenues	26,375,285	27,048,590	(673,305)	(2.49)
Investment earnings	201,992	148,279	53,713	36.22
Other	1,558,887	701,732	857,155	122.15
	<u>\$158,417,239</u>	<u>\$152,464,187</u>	<u>\$5,953,052</u>	<u>3.90</u>

Net tax revenues increased by \$5,715,489 or 4.59% due to several factors. The District balanced its budget deficit, in part, by increasing the 2021-2022 tax rate by 2.50% to 25.1128 mills. Delinquent real estate collections, interim real estate taxes, and real estate transfer taxes were up \$1,015,071; \$1,010,219; and \$493,920 respectively.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

	<u>2022</u>	<u>2021</u>	<u>\$ Change</u>	<u>% Change</u>
Real estate tax	\$121,719,972	\$118,530,985	\$3,188,987	2.69
Interim tax	1,733,878	723,659	1,010,219	139.60
PURTA tax	121,502	113,064	8,438	7.46

Amusement tax	-	1,146	(1,146)	(100.00)
Delinquent real estate tax	<u>2,316,041</u>	<u>1,300,970</u>	<u>1,015,071</u>	<u>78.02</u>
	<u>\$130,281,075</u>	<u>\$124,565,586</u>	<u>\$5,715,489</u>	<u>4.59</u>

State/Federal revenues decreased \$673,305 as the result of offsetting increases and decreases. State revenue has increased by \$259,421 and Federal revenue decreased by \$932,726. The District received \$932,726 less in COVID-19-related Federal grant funding. Additionally, the District received \$497,118 more in state retirement subsidy funding which is formulaically tied to the increase in the employer annual contribution rate of employees' salaries. Offsetting decreases were seen in transportation.

Investment earnings increased commensurate with an increase in interest rates. Other revenue increased due to rental agreements for use of facilities returning to pre-COVID levels.

As the graph below illustrates, the largest portion of General Fund expenditures are for salaries and benefits. The District is an educational service entity and as such is labor intensive.

General Fund Expenditures and Other Financing Uses

	<u>2022</u>	<u>2021</u>	<u>\$ Change</u>	<u>% Change</u>
Salaries and wages	\$ 65,216,212	\$ 64,123,137	\$1,093,075	1.70

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

Salaries and wages increased by \$1,093,075 or 1.70% in 2021-2022 as a result of additional staff added and contractually obligated pay increases for the various District union agreements in addition to salary increases for non-union employees.

Employee benefits increased by \$829,319 or 2.22% due to an increase in the employer contribution pension rate from 34.51% in 2020-2021 to 34.94% in 2021-2022. The employer contribution for pension increased approximately \$985,604 as a result of the aforementioned increase in salaries and employer contribution rate. The District's employer pension contribution rate is set by the Public School Employees' Retirement System ("**PSERS**") and participation in the system is mandatory for all Pennsylvania public school districts. The increase in pension benefits were offset by a decrease in other employee benefits of \$156,285.

Purchased service cost increases were driven by increases in special education costs.

Supplies decreased from fewer textbook purchases.

The District increased the transfer to the Capital Fund from \$3,000,000 in the prior year to \$7,000,000 in the current year. The District increased the transfer amount to partially fund current capital projects and reduce the amount needed to borrow to fund future capital needs.

CAPITAL PROJECTS FUND

The Capital Project Funds account for construction and renovation activity associated with the District's buildings and major equipment purchases. A portion of the fund is funded by contributions from the General Fund and a portion of the fund is funded by bond proceeds. The District has been proactive in terms of preparing for future capital needs each year and has a capital infrastructure plan which prioritizes deferred maintenance needs and capital projects. During 2021-2022, the Capital Project Fund reported an increase in fund balance of \$21,781,735. The drivers for this change were a General Fund contribution in the amount of \$7,000,000, the issuance of debt and bond premiums totaling more than \$31 million, and project expenditures in the amount of \$17 million.

DEBT SERVICE FUND

The Debt Service Fund is used to account for debt service and capital financing transactions. During 2021-2022, the District reduced outstanding debt service by paying \$4,145,000 in principal maturities. The balance of the annual expenditures related to interest maturities.

GENERAL FUND BUDGET INFORMATION

The District maintains its financial records and prepares its financial reports on the modified accrual basis of accounting. The District budgets and expends funds according to procedures mandated by the Pennsylvania Department of Education. An annual operating budget is prepared by management and submitted to the School Board for approval prior to the beginning of the fiscal year on July 1 each year. The most significant budgeted fund is the General Fund.

Total General Fund revenues and other financing sources were \$6,054,368 or 3.97% more than budgeted amounts and total General Fund expenditures and other financing uses were \$6,540,975 or 3.97% less than budgeted amounts resulting in a net positive variance of \$12,595,343. Major budgetary highlights for 2021-2022 were as follows:

- Actual local revenues received were \$4,009,962 more than budgeted amounts. This was a result of total real estate tax collections of \$3,360,754 more than budgeted and investment earnings and rental income over budget by \$155,166 and \$63,616, respectively. The District historically budgets conservatively in these areas to account for non-recurring collections and economic impact on markets.
- State source revenues were \$1,690,201 more than budgeted which relates to State retirement revenue, transportation, basic subsidy, and special education being over budget by \$562,369, \$501,623, \$277,392, and \$201,923, respectively. Federal source revenues were more than budgeted amounts by \$353,935 which directly correlates with the additional pass-through funding received to respond to COVID-19.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

- Salary expenditures were under budget by \$273,058 due to vacancies which was offset by additional overtime cost to cover for those vacancies. Employee benefits were \$676,696 under budget. The largest driver of the benefit savings was employee healthcare expenses including prescription, vision, and dental of \$1,113,313 under budget due to favorable claims and workers compensation of \$425,567 under budget. This was offset by retirement benefits being over budget by \$1,016,295. Transportation costs were \$2.2 million lower than budget due to a driver shortage and special education under budget by \$1.8 million.
- The budgetary reserve was under expended by \$3,000,000. Additionally, the transfer from the General Fund to the Capital Projects Fund was over expended by \$5.8 million. The additional transfer to the Capital Projects Fund was a strategic decision to fund future capital needs.

BUSINESS-TYPE ACTIVITIES AND FOOD SERVICE FUND

During 2021-2022, the net position of the business-type activities and Food Service Fund increased by \$547,124 primarily due to an increase federal subsidies. As of June 30, 2022, the business-type activities and Food Service Fund had a deficit in net position of \$3,014,227. The deficit in net position correlates to the Food Service Fund and business-type activities recording its proportionate share of the net pension and OPEB liabilities in PSERS.

CAPITAL ASSETS

The District's investment in capital assets for its governmental and business-type activities as of June 30, 2022 amounted to \$89,406,286 net of accumulated depreciation. This investment in capital assets includes land, land improvements, buildings and improvements, right-to-use lease arrangements, and furniture and equipment. The total increase in the District's investment in capital assets for the current fiscal year was \$12,578,017 or 16.37%. The increase was the result of capital additions in excess of current year disposals and depreciation.

Current year capital additions were \$17,185,174 and depreciation expense was \$4,607,157.

Major capital additions for the current fiscal year included the following:

- | | |
|--|-------------|
| • Conestoga High School expansion project - CIP | \$6,755,285 |
| • Air conditioning projects at Devon/New Eagle - CIP | \$2,903,249 |
| • Infrastructure plan - CIP | \$1,095,560 |

NONCURRENT LIABILITIES

At the end of the current fiscal year, the District had total general obligation debt of \$98,573,783 consisting of \$88,270,000 of bonds payable, \$2,425,000 of notes payable, and net deferred credits of \$7,878,783. The entire amount is backed by the full faith and credit of the District. General obligation debt was issued to finance capital expenditures or to finance the retirement (refund) of prior obligation debt. The District's general obligation debt increased by \$26,513,693 or 36.79% during the fiscal year.

State statutes limit the amount of general obligation debt the District may issue up to 225% of its borrowing base capacity which is calculated as the annual arithmetic average of the total revenues for the preceding three fiscal years. The District's outstanding general obligation debt is within the current debt limitation of the District which was \$345,008,930 as of June 30, 2022.

The District reports its allocated portion of its defined benefit unfunded benefit obligation related to its participation in PSERS. The District's allocated portion of the net pension liability is an actuarially determined estimate of the unfunded cost of the pension plan obligation which totaled \$183,605,697 as of June 30, 2022. The District's net pension liability decreased by \$30,879,457 or 14.40% during the fiscal year.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

June 30, 2022

The District reports a liability for its other post-employment benefits ("**OPEB**") related to its single employer OPEB plan and its participation in the PSERS health insurance premium assistance program. The District's OPEB liability is an actuarially determined estimate of the unfunded cost of the OPEB obligation which totaled \$21,616,194 as of June 30, 2022. The District's OPEB liability increased by \$1,265,346 or 6.22% during the fiscal year.

Other noncurrent liabilities consist of the District's liabilities for right-to-use leases, compensated absences, and accrued severance obligations, which totaled \$8,626,751 as of June 30, 2022. These liabilities decreased by \$675,582 or 7.26% during the fiscal year.

FACTORS BEARING ON THE DISTRICT'S FUTURE

Until very recently, the District has experienced an increase in student enrollment. While the District successfully accommodates its students each year, the increasing enrollment has resulted in the need for additional staff at all levels and facility reconfigurations and expansions to meet the needs of the growing student population.

Enrollment at Conestoga High School was projected to increase putting a strain on the instructional spaces within the school's current footprint. Through a facilities study, the District determined a need to expand and renovate Conestoga High School to include 8 additional regular classrooms, 2 additional special education classrooms, 4 additional science labs, 1 additional art room, 1 additional kitchen, a fabrication lab, a large flexible learning space and additional smaller spaces for meetings, offices, and small group instruction. Also included in the high school project is expanded spaces in the nurse suite, library, cafeteria, student services suite and health and fitness room. The construction expansion and renovation project was completed for the opening of the 2022 school year.

The District-commissioned update to the 2013 infrastructure report was delivered to the Facilities Committee, providing a framework for future decisions on which deferred maintenance and capital improvement projects will be the focus of District capital resources. The format of the infrastructure report incorporates studies on traffic/circulation, exterior masonry, roofing, technology, and HVAC. One of the major capital projects identified in the report is additional athletic fields. The District has obtained a large tract of land adjacent to the Conestoga High School that has been designated for new athletic fields. The design phase has started, and the project is slated to begin in early 2023. The future funding of the District's capital plan will involve a combination of new bond issues, contributions from the general funds and current resources in the capital fund. The District's strong fund balance and conservative budgeting practices will provide for future budgeted capital planning.

In a June 2020 Issuer Comment Report, Moody's Investors Service's stated "Tredyffrin-Easttown SD has a superior credit position, and its Aaa rating is well above the median rating of Aa3 for US school districts. The key credit factors include a very strong wealth and income profile, a substantial tax base and a robust financial position. It also reflects an affordable debt burden and a mid-ranged pension liability. The district has an exceptionally healthy economy and tax base. The financial position of the district is strong and is consistent with its Aaa rating. The nominal size of the district's reserves is well above average. Moreover, the cash balance as a percent of operating revenues (33.7%) is slightly higher than the US median."

CONTACTING THE DISTRICT FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Business Manager/Board Secretary, at the Tredyffrin/Easttown School District, 940 West Valley Road, Suite 1700, Wayne, PA 19087 or (610) 240-1801.

RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO NET POSITION (DEFICIT) OF GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF NET POSITION (DEFICIT)

June 30, 2022

TOTAL GOVERNMENTAL FUND BALANCES	\$ 57,340,311
Amounts reported for governmental activities in the statement of net position (deficit) are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheet.	89,323,097
Deferred outflows of resources and deferred inflows of resources related to pensions and other post-employment benefits are not reported as assets and liabilities in the governmental funds balance sheet.	6,513,330
Deferred outflows of resources for deferred amounts on debt refunding are currently expended in the governmental funds, whereas they are capitalized and amortized over the life of the respective debt in the government-wide statement of net position (deficit).	703,780
Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred inflows of resources on the governmental funds balance sheet.	1,491,291
Noncurrent liabilities are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds balance sheet.	(309,162,462)
Accrued interest payable on long-term liabilities is included in the statement of net position (deficit), but is excluded from the governmental funds balance sheet until due and payable.	<u>(1,223,057)</u>
NET POSITION (DEFICIT) OF GOVERNMENTAL ACTIVITIES	<u>\$ (155,013,710)</u>

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO CHANGE IN NET POSITION (DEFICIT) OF GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF ACTIVITIES

Year ended June 30, 2022

NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS		\$ 22,048,841
---	--	----------------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.

Capital outlay expenditures	\$ 17,185,174	
Depreciation expense	<u>(4,581,357)</u>	12,603,817

Because some taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Deferred inflows of resources increased by this amount this year.

Deferred inflows of resources June 30, 2021	(1,285,995)	
Deferred inflows of resources June 30, 2022	<u>1,491,291</u>	205,296

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on the change in net assets of governmental activities. Also, governmental funds report the effect of premiums, discounts and similar items when long-term debt is issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayment of bonds and notes payable	4,145,000	
Issuance of bonds and notes payable	(26,900,000)	
Proceeds from bond premiums	(4,374,716)	
Proceeds from extended term financing	(700,654)	
Repayment of extended term financing	510,516	
Amortization of bond premiums and deferred amounts on refunding	<u>515,179</u>	(26,804,675)

Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore are not reported as expenditures in the governmental funds.

Current year change in accrued interest payable	(435,602)	
Change in net pension liability and related deferred inflows and outflows	8,539,013	
Current year change in compensated absences	1,604,805	
Current year change in accrued severance	(712,325)	
Change in net post-employment benefit (OPEB) liability and related deferred inflows and outflows	<u>(656,921)</u>	<u>8,338,970</u>

CHANGE IN NET POSITION (DEFICIT) OF GOVERNMENTAL ACTIVITIES		<u>\$ 16,392,249</u>

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Tredyffrin/Easttown School District (the "***District***") operates five elementary schools, two middle schools and a high school to provide education and related services to the residents of eastern Chester County in the townships of Tredyffrin and Easttown. The District operates under current standards prescribed by the Pennsylvania Department of Education in accordance with the provisions of the School Laws of Pennsylvania as a school district of the second class. The District operates under a locally elected nine-member board form of government (the "***School Board***").

The financial statements of the District have been prepared in accordance with generally accepted accounting principles ("***GAAP***") as applied to governmental units. The Governmental Accounting Standards Board ("***GASB***") is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles. The more significant of these accounting policies are as follows:

Reporting Entity

GASB has established the criteria for determining the activities, organizations and functions of government to be included in the financial statements of the reporting entity. In evaluating the District as a reporting entity, management has addressed all potential component units which may or may not fall within the District's accountability. The criteria used to evaluate component units for possible inclusion as part of the District's reporting entity are financial accountability and the nature and significance of the relationship. The District is considered to be an independent reporting entity and has no component units.

Basis of Presentation

Government-Wide Financial Statements

The statement of net position (deficit) and the statement of activities display information about the District as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities. These statements include the financial activities of the primary government except for fiduciary funds.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flow. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared as further defined below. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements of governmental funds.

The government-wide statement of net position (deficit) presents the financial position of the District which is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources and is classified in one of three components. Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of borrowing attributable to acquiring, constructing or improving those assets. The net position of the District is reported as restricted when constraints placed on net position use is either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position (deficit) is the net position that does not meet the definition of "net investment in capital assets" or "restricted net position."

The statement of net position (deficit) includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until that time. Deferred inflows of resources represent an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

The government-wide statement of activities presents a comparison between expenses and program revenues for each function of the business-type activities of the District and for each governmental function. Expenses are those that are specifically associated with a service or program and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each function is self-financing or draws from the general revenues of the District.

Except for interfund activity and balances between the funds that underlie governmental activities and the funds that underlie business-type activities, which are reported as transfers and internal balances, the effect of interfund activity has been removed from these statements.

Fund Financial Statements

During the school year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Fiduciary fund financial statements are presented by fund type.

Governmental Funds

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund accounts for financial resources restricted, committed or assigned to be used for capital expenditures or for the acquisition, construction of capital facilities, improvements and/or equipment.

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of long-term principal, interest and other related costs.

Revenue Recognition

In applying the "susceptible to accrual concept" under the modified accrual basis, revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers tax revenue to be available if collected within 60 days of the end of the fiscal period. Deferred inflows of resources are reported in connection with receivables for tax revenues that are not considered to be available to liquidate liabilities of the current period. Revenue from federal, state and other grants designated for payment of specific District expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are reported as unearned revenues until earned. Other receipts are recorded as revenue when received in cash because they are generally not measurable until actually received.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences, special termination benefits, other post-employment benefits and claims and judgments are recorded only when payment is due. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Proprietary Funds

Like the government-wide financial statements, proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resource focus concerns determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when they are earned and expenses are recognized when they are incurred. Allocations of certain costs, such as depreciation, are recorded in proprietary funds. The District reports the following proprietary fund:

The Food Service Fund accounts for the revenues and costs of providing meals to students during the school year.

These funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's proprietary fund are charges for services. Operating expenses for the District's proprietary fund include payroll, employee benefits, supplies and administrative costs. All revenues or expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary Funds

Fiduciary funds reporting focuses on net assets and changes in net assets and are accounted for using the economic resources measurement focus and the accrual basis of accounting. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. The private-purpose trust fund accounts for activities in various scholarship accounts, whose sole purpose is to provide annual scholarships to particular students as described by donor stipulations. Custodial funds are used to account for assets held on behalf of individuals and/or government units and are, therefore, not available to support the District's own programs. The District has one custodial fund consisting of funds held on behalf of the students.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments are stated at fair value based upon quoted market prices, except for certificates of deposit which are recorded at cost and external investment pools which are recorded at amortized cost, both of which approximate fair value.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Property Taxes

Taxes are levied on July 1 and are payable in the following periods:

July 1 – August 31	- Discount period, 2% of gross levy
September 1 – October 31	- Face period
November 1 to collection	- Penalty period, 10% of gross levy
January 1	- Lien date

The County Board of Assessments determines assessed valuations of property and the District bills and collects its own property taxes. The tax on real estate for public school purposes for fiscal 2021-2022 was 25.1128 mills (\$25.11 for \$1,000 of assessed valuation) for Chester County. The District experiences very small losses from uncollectible property taxes. Property taxes constitute a lien against real property and usually can be collected in full when title transfers. Only balances that remain after tax sales are written off each year. Accordingly, an allowance for doubtful accounts has not been established by the District for property taxes receivable.

Taxpayers within the District have the option of paying in three installments. These installments have the following due dates:

Installment One	- August 31
Installment Two	- September 30
Installment Three	- October 31

The discount (two percent) is not applicable to installment payments; however, the penalty (10 percent) will be added if second and third installments are paid subsequent to the due dates.

Prepaid Items and Inventories

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide and fund financial statements.

All inventories are valued at the lower of cost (first-in, first-out method) or market.

Unearned Revenues

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and the proprietary fund financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed, inclusive of ancillary costs.

Property, plant and equipment (net of salvage value) of the District is depreciated using the straight-line method over the following estimated useful lives: buildings and improvements – 20-40 years, land improvements – 15-20 years and furniture and equipment – 3-10 years.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Impairment of Long-Lived Assets

The District evaluates prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. A capital asset is generally considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstances is outside the normal life cycle of the capital asset. If a capital asset is considered to be impaired, the amount of impairment is measured by the method that most reflects the decline in service utility of the capital asset at the lower of carrying value or fair value for impaired capital assets that will no longer be used by the District. No impairment losses were recognized in the year ended June 30, 2022.

Compensated Absences

District policies permit employees to accumulate earned but unused vacation days. The liability for these compensated absences is recorded as a noncurrent liability in the government-wide financial statements. A liability for these amounts is recorded in the Governmental Funds financial statements only to the extent they have matured, for example, as a result of employee resignation and retirements.

Long-Term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bonds payable are reported net of the applicable bond premium or discount. Bond premiums and discounts are deferred and amortized over the life of the bonds. Deferred amounts on refunding are recorded as a deferred outflow of resources and amortized over the life of the old debt or the life of the new debt, whichever is shorter. All amounts are amortized using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources and uses. Premiums received and discounts paid on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures except for refundings paid from proceeds which are reported as other financing costs.

Fund Equity

As prescribed by GASB, governmental funds report fund balance in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the fund can be spent. The District reports the following fund balance classifications:

Nonspendable

Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form – such as inventory or prepaid insurance or (b) legally or contractually required to be maintained intact – such as a trust that must be retained in perpetuity.

Restricted

Restricted fund balances are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

Committed fund balances are amounts that can only be used for specific purposes determined by a formal action of the District's highest level of decision-making authority, the School Board. Committed amounts cannot be used for any other purpose unless the School Board removes those constraints by taking the same type of formal action (e.g., resolution).

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Assigned

Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the Business Administrator or (b) an appointed body (e.g., finance committee) or (c) an official to which the District has delegated the authority to assign, modify or rescind amounts to be used for specific purposes.

Assigned fund balance includes (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as non-spendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue fund or the capital projects fund are assigned for purposes in accordance with the nature of their fund type.

Unassigned

Unassigned fund balance is the residual classification for the General Fund. This classification represents General Fund fund balance that has not been assigned to other funds, and that has not been restricted, committed or assigned to specific purposes within the General Fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to use externally restricted resources first, then unrestricted resources—committed, assigned or unassigned—in order as needed.

Comparative Data

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. Certain amounts presented in the prior year have been reclassified in order to be consistent with the current year's presentation. However, presentation of prior year totals by fund and activity type has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. Summarized comparative information should be read in conjunction with the District's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Implementation of New Accounting Pronouncements

Effective July 1, 2021, the District adopted the provisions of GASB Statement No. 87 "Leases", GASB Statement No. 89, "Accounting for Interest Cost Incurred Before the End of a Construction Period"; GASB Statement No. 91, "Conduit Debt Obligations", and GASB Statement No. 92, "Omnibus 2020".

The objective of GASB Statement No. 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. GASB Statement No. 87 increases the usefulness of financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB Statement No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about leasing activities. As a result of the implementation of Statement No. 87, the District recognized its right-to-use lease assets and corresponding liabilities for the year ended June 30, 2022.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

The objectives of GASB Statement No. 89 are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. GASB Statement No. 89 establishes accounting required for interest cost incurred before the end of a construction period. Such interest costs include all interest that previously was accounted for in accordance with the requirements of GASB Statement No. 62, *"Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements"*, which are superseded by GASB Statement No. 89. GASB Statement No. 89 requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. GASB Statement No. 89 also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with government fund accounting principles. The implementation of GASB Statement No. 89 had no impact on the financial statements of the District for the year ended June 30, 2022.

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The implementation of GASB Statement No. 91 had no impact on the District's financial statements for the year ended June 30, 2022.

GASB Statement No. 92 addresses a variety of topics to enhance comparability in accounting and financial reporting and improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The implementation of GASB Statement No. 92 had no impact on the District's financial statements for the year ended June 30, 2022.

New Accounting Pronouncements

GASB Statement No. 94, *"Public-Private and Public-Public Partnerships and Availability Payment Arrangements"* will be effective for the District for the year ended June 30, 2023. GASB Statement No. 94 improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (**"PPP"s**). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement.

GASB Statement No. 96, *"Subscription-Based Information Technology Arrangements"* will be effective for the District for the year ended June 30, 2023. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (**"SBITA"s**) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

(2) STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

An annual budget is adopted prior to the beginning of each year for the General Fund on a modified accrual basis of accounting. The General Fund is the only fund for which a budget is legally required, although project-length financial plans are adopted for the Capital Projects fund.

The District is required to publish notice by advertisement at least once in two newspapers of general circulation in the municipalities in which it is located, and within 20 days of final action, that the proposed budget has been prepared and is available for public inspection at the administrative offices of the District. Notice that public hearings will be held on the proposed operating budget must be included in the advertisement; such hearings are required to be scheduled at least 10 days prior to when final action on adoption is taken by the School Board.

After the legal adoption of the budget, the School Board is required to file a copy of the budget with the Pennsylvania Department of Education by July 31. Additional copies of the budget also are required to be filed with the House Education Committee and the Senate Education Committee by September 15.

Legal budgetary control is maintained at the sub-function/major object level. The School Board may make transfers of funds appropriated in any particular item of expenditure by legislative action in accordance with Pennsylvania School Code. Management may amend the budget at the sub-function/sub-object level without approval from the School Board. Appropriations lapse at the end of the fiscal period. Budgetary information reflected in the financial statements is presented at or below the level of budgetary control and includes the effect of approved budget amendments.

(3) DEPOSITS AND INVESTMENTS

State statutes authorize the District to invest in U.S. Treasury bills, time or share accounts of institutions insured by the Federal Deposit Insurance Corporation or in certificates of deposit when they are secured by proper bond or collateral, repurchase agreements, state treasurer's investment pools or mutual funds.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. At June 30, 2022, the carrying amount of the District's deposits was \$39,194,552 and the bank balance was \$41,325,018. The District is required by state statute to deposit funds in depositories that are either banks, banking institutions or trust companies located in the Commonwealth of Pennsylvania. To the extent that such deposits exceed federal insurance, the depositories must pledge as collateral obligations of the United States, Commonwealth of Pennsylvania or any political subdivision. Under Act 72 of 1971, as amended, the depositories may meet this collateralization requirement by pooling appropriate securities to cover all public funds on deposit. Of the bank balance, \$250,000 was covered by federal depository insurance, and \$3,924,618 was collateralized by the District's depositories in accordance with Act 72 and the collateral was held by the depositories' agent in pooled public funds. The remaining cash deposits of the District are in the Pennsylvania School District Liquid Asset Fund ("**PSDLAF**") and the Pennsylvania Local Government Investment Trust ("**PLGIT**"). Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PSDLAF and PLGIT act like money market mutual funds in that their objective is to maintain a stable net asset value of \$1 per share, are rated by a nationally recognized statistical rating organization and are subject to independent annual audit. As of June 30, 2022, PSDLAF and PLGIT were rated as AAA by a nationally recognized statistical rating agency.

Reconciliation to Financial Statements

Uninsured amounts	\$ 3,924,618
FDIC Insured amounts	250,000
Reconciling items	<u>(2,130,466)</u>
Carrying amount, bank balances	2,044,152
Pooled cash equivalents in government investment pools	<u>37,150,400</u>
Total carrying amount deposits	<u>\$39,194,552</u>

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Investments

State statutes authorize the District to invest in U.S. Treasury bills, time or share accounts of institutions insured by the Federal Deposit Insurance Corporation or in certificates of deposit when they are secured by proper bond or collateral, repurchase agreements, state treasurer's investment pools or mutual funds.

As of June 30, 2022, the District had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>			
		<u>Less than 1</u>	<u>1 – 5</u>	<u>6 – 10</u>	<u>11 – 15</u>
Certificates of deposit	\$ 496,496	\$ 496,496	\$ -	\$ -	\$ -
PSDLAF/PLGIT collateralized investment pools	37,000,000	37,000,000	-	-	-
U.S. Treasury bill	<u>5,215,122</u>	<u>5,215,122</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$42,711,618</u>	<u>\$42,711,618</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

PSDLAF and PLGIT collateralized investment pools are fully collateralized by U.S. government agency and Treasury obligations and certificates of deposit. PSDLAF and PLGIT collateralized investment pools and the U.S. Treasury bill were valued using Level 2 inputs.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral security that are in the possession of an outside party. The District had no investment subject to custodial credit risk as of June 30, 2022.

Interest Rate Risk

The District's investment policy limits investment maturities in accordance with state statutes as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investment policy limits its investments that are not backed by the "full faith and credit" of the federal and state government to those with the highest credit rating available for such investments issued by a recognized statistical rating organization.

(4) CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities				
Capital assets not being depreciated				
Land	\$ 4,660,944	\$ -	\$ -	\$ 4,660,944
Construction in progress	<u>30,962,627</u>	<u>16,357,227</u>	<u>41,916,746</u>	<u>5,403,108</u>
Total capital assets not being depreciated	<u>35,623,571</u>	<u>16,357,227</u>	<u>41,916,746</u>	<u>10,064,052</u>
Capital assets being depreciated				
Buildings and improvements	96,032,510	39,069,561	-	135,102,071
Land improvements	4,751,494	123,985	-	4,875,479
Furniture and equipment	6,837,412	2,850,493	320,850	9,367,055
Right-to-use leased equipment	<u>1,482,575</u>	<u>700,654</u>	<u>-</u>	<u>2,183,229</u>
Total capital assets being depreciated	<u>109,103,991</u>	<u>42,744,693</u>	<u>320,850</u>	<u>151,527,834</u>

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Less accumulated depreciation for				
Buildings and improvements	(59,747,956)	(3,053,526)	-	(62,801,482)

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Noncurrent liabilities of governmental activities are generally liquidated by the General Fund, while noncurrent liabilities of the business-type activities are liquidated by the Food Service Fund.

(8) GENERAL OBLIGATION DEBT

General obligation debt is a direct obligation of the District for which full faith and credit are pledged and is payable from unrestricted local sources. The District has not pledged any assets as collateral for general obligation debt. General obligation debt was issued to finance capital expenditures or to finance the retirement (refund) of prior general obligation debt.

General obligation debt outstanding as of June 30, 2022 consisted of the following:

<u>Description</u>	<u>Interest Rate(s)</u>	<u>Original Issue Amount</u>	<u>Final Maturity</u>	<u>Principal Outstanding</u>
General obligation bonds				
Series of 2016	2.00% - 4.00%	\$13,040,000	02/15/2025	\$ 9,805,000
Series of 2019	2.45% - 5.00%	\$26,915,000	02/15/2040	26,900,000
Series of 2021	0.30% - 2.54%	\$24,935,000	02/15/2035	24,935,000
Series A of 2021	2.00% - 4.00%	\$26,900,000	02/15/2045	<u>26,630,000</u>
Total general obligation bonds				<u>88,270,000</u>
General obligation notes				
Series of 2020	1.30%	\$ 7,115,000	02/15/2023	<u>2,425,000</u>
Total general obligation debt				<u>\$90,695,000</u>

General obligation bonds

On December 7, 2016, the District issued \$13,040,000 of general obligation bonds, Series of 2016. The proceeds were used to advance refund a portion of the general obligation bonds, Series of 2010. Principal is due February 15 each year and the issues' final maturity date is February 15, 2025. The bonds are payable in periodic installments and bear interest payable semi-annually on February 15 and August 15 at rates ranging from 2.00% to 4.00%. The District advance refunded the general obligation bonds to reduce future debt service payments by \$1,978,029.

\$ 9,805,000

On February 12, 2019, the District issued \$26,915,000 of general obligation bonds, Series of 2019. The proceeds were used to finance the District's capital program, capitalized interest on the bond, and to pay for the costs of issuance. Principal is due February 15 each year and the issues' final maturity date is February 15, 2040. The bonds are payable in periodic installments and bear interest payable semi-annually on February 15 and August 15 at rates ranging from 2.45% to 5.00%.

26,900,000

On May 6, 2021, the District issued \$24,935,000 of general obligation bonds, Series of 2021. The proceeds were used to advance refund all the District's outstanding general obligation bonds, Series of 2015, and to pay for the costs of issuance. Principal is due February 15 each year and the issues' final maturity date is February 15, 2035. The bonds are payable in periodic installments and bear interest payable semi-annually on February 15 and August 15 at rates ranging from 0.30% to 2.54%. The District advance refunded the general obligation bonds to reduce future debt service payments by \$2,076,014.

24,935,000

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

On November 3, 2021, the District issued \$26,900,000 of general obligation bonds, Series A of 2021. The proceeds were used to finance the District's capital program and to pay for the costs of issuance. Principal is due February 15 each year and the issues' final maturity date is February 15, 2045. The bonds are payable in periodic installments and bear interest payable semi-annually on February 15 and August 15 at rates ranging from 2.00% to 4.00%.

26,630,000

Total general obligation bonds

88,270,000

General obligation notes

On July 7, 2020, the District issued \$7,115,000 of general obligation notes, Series of 2020. The proceeds were used to currently refund all the District's outstanding general obligation bonds, Series of 2010, and to pay for the costs of issuance. Principal is due February 15 each year and the issues' final maturity date is February 15, 2023. The notes are payable in periodic installments and bear interest payable semi-annually on February 15 and August 15 at a rate of 1.30%. The District currently refunded the general obligation bonds to reduce future debt service payments by \$353,030.

2,425,000

Total general obligation debt

\$90,695,000

Annual debt service requirements to maturity on these obligations are as follows:

<u>Year ending June 30,</u>	<u>Principal Maturities</u>	<u>Interest Maturities</u>	<u>Total Maturities</u>
2023	\$ 4,065,000	\$ 3,305,157	\$ 7,370,157
2024	4,150,000	3,218,947	7,368,947
2025	4,315,000	3,056,218	7,371,218
2026	2,960,000	2,886,468	5,846,468

2033-2037	18,085,000	10,829,326	28,914,326
2038-2042	22,635,000	6,267,550	28,902,550
2043-2045	<u>16,045,000</u>	<u>1,300,400</u>	<u>17,345,400</u>
	<u>\$90,695,000</u>	<u>\$47,128,021</u>	<u>\$137,823,021</u>

In-Substance Defeasance

The District has advance refunded its general obligation bonds, Series 2015 (the "**Series of 2015 Bonds**") by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and earnings from the investments are sufficient to fully service the advance refunded debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and, therefore, removed as a liability from the District's government-wide financial statements. At June 30, 2021, the \$22,315,000 of the Series of 2015 Bonds is considered defeased. The District has authorized to call the remaining defeased bonds for redemption on August 15, 2023.

(9) ACCRUED SEVERANCE

Upon retirement under the provisions of PSERS and so long as the employee provides the District 90 days calendar notice, the District will pay a professional employee for unused sick time. The reimbursement will be at one-third of the employee's full-time per diem rate per unused sick time, up to a maximum of 135 days.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Upon retirement under the provisions of PSERS and so long as the employee provides the District 90 days calendar notice, the District will pay a support staff employee for unused sick time. The reimbursement will be at 50% of the employee's per diem rate per unused sick time, up to a maximum of 135 days

Upon retirement under the provisions of PSERS, the District will pay supervisors and confidential positions with at least 10 years of service for unused sick time. The reimbursement will be at 50% of the employee's per diem rate per unused sick time, up to a maximum of 135 days. Additionally, administrators with 20 to 15 years of continuous service with the District are eligible for a \$5,200 to \$2,600 annual credit toward their health insurance for 10 years from the date of retirement.

Upon retirement, administrators with 10 years of administrative service with the District are eligible to receive a severance payment equal to between 60% to 100% of the employee's final base salary, based upon years of service. Administrators with 5 to 10 years of administrative service with the District are eligible to receive a severance payment equal to 45% of the employee's final base salary. Additionally, administrators with 10 years of continuous service with the District are eligible for a \$5,200 annual credit toward their health insurance for 10 years from the date of retirement.

(10) OTHER POST-EMPLOYMENT BENEFITS

Single-Employer Defined Benefit OPEB Plan

The District's other post-employment benefits include a single-employer defined benefit plan that provides benefits to administrative personnel. Administrative personnel who retire under the normal PSERS guidelines with at least ten years of administrative service (if an administrator retires from an administrative position) are covered for ten years. Supervisory and confidential employees who retire under the normal PSERS guidelines with at least 20 years of service, the final ten years of which must be in supervisory and confidential positions, are covered for ten years. The benefits, benefits level, employee contribution and employer contribution are administered by management and can be amended by the District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue any financial report and is not included in the report of any public employee retirement system or any other entity.

OPEB Plan Membership

Membership in the OPEB plan consisted of the following at July 1, 2020:

Active participants	693
Vested former participants	-
Retired participants	<u>57</u>
Total	<u>750</u>

Funding Policy

The District's contributions are funded on a pay-as-you-go basis. The contribution requirements of retirees are established and may be amended by the School Board.

OPEB Liability

The District's OPEB liability has been measured as of June 30, 2022. The total OPEB liability was determined by an actuarial valuation as of July 1, 2020, and by rolling forward the liabilities from the July 1, 2020 actuarial valuation through the measurement date. No significant events or changes in assumptions occurred between the valuation date and the fiscal year end. The OPEB liability is \$11,038,514, all of which is unfunded. As of June 30, 2022, the OPEB liability of \$10,753,369 is related to the governmental funds and is recorded in the governmental activities in the government-wide statement of net position (deficit) and the remaining \$285,145 of the OPEB liability is recorded as a liability in the proprietary fund statement of net position (deficit), and in the business-type activities in the government-wide statement of net position (deficit).

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

The District's change in its OPEB liability for the year ended June 30, 2022 was as follows:

Balance as of July 1, 2021	<u>\$10,969,102</u>
Changes for the year	
Service cost	608,051
Interest on total OPEB liability	212,908
Change of assumptions	(510,680)
Benefit payments	<u>(240,867)</u>
Net changes	<u>69,412</u>
Balance as of June 30, 2022	<u>\$11,038,514</u>

OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the District recognized OPEB expense of \$795,017. At June 30, 2022, the District had deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 309,305
Changes in assumptions	1,437,197	1,222,573
Payments subsequent to measurement date	<u>261,228</u>	<u>-</u>
	<u>\$1,698,425</u>	<u>\$1,531,878</u>

\$261,228 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in OPEB expense as follows:

Year ended June 30,

2023	\$(25,942)
2024	(25,942)
2025	(25,942)
2026	(25,942)
2027	(25,942)
Thereafter	<u>35,029</u>
	<u>\$(94,681)</u>

Sensitivity of the OPEB Liability to Change in Healthcare Cost Trend Rates

The following presents the OPEB liability for June 30, 2022, calculated using current healthcare cost trends as well as what the OPEB liability would be if health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Trend Rate</u>	<u>1% Increase</u>
OPEB liability	<u>\$10,195,615</u>	<u>\$11,038,514</u>	<u>\$12,049,872</u>

Sensitivity of the OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District calculated using the discount rate of 2.28%, as well as what the OPEB liability would be if it were calculated using the discount rate that is one percentage point lower (1.28%) or 1 percentage point higher (3.28%) than the current rate:

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

	<u>1% Decrease</u> <u>1.28%</u>	<u>Current</u> <u>Discount</u> <u>Rate</u> <u>2.28%</u>	<u>1% Increase</u> <u>3.28%</u>
OPEB Liability	<u>\$12,313,440</u>	<u>\$11,038,514</u>	<u>\$9,946,147</u>

Actuarial Methods and Significant Assumptions

The OPEB Liability as of June 30, 2022, was determined by rolling forward the OPEB Liability as of July 1, 2020 to June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – entry age normal
- Discount rate – 2.28% - 20 Year High-Grade Municipal Rate Index
- Salary growth – 2.50% cost of living adjustment, 1.00% real wage growth, and for teachers and administrators a merit increase which varies by age from 0.00% to 2.75%.
- Assumed healthcare cost trends – 5.50% in 2021 through 2023, gradually decreasing from 5.40% in 2024 to 4.00% in 2075 and later.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 retiree tables for males and females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 improvement scale.

Cost Sharing Multiple-Employer Defined Benefit OPEB Plan

PSERS provides health insurance premium assistance which, is a governmental cost sharing, multiple-employer OPEB plan for all eligible retirees who qualify and elect to participate. Employer contribution rates for health insurance premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of health insurance premium assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' health options program. As of June 30, 2021, there were no assumed future benefit increases to participating eligible retirees.

Retirees of PSERS can participate in the health insurance premium assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the PSERS' health options program or employer-sponsored health insurance program.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' health options program. As of June 30, 2021, there were no assumed future benefit increases to participating eligible retirees.

Employer Contributions

The District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 0.80% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$519,948 for the year ended June 30, 2022.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the District reported a liability of \$10,577,680 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward PSERS' total OPEB liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2022, the District's proportion was 0.4463 percent, which was an increase of 0.0121 percent from its proportion measured as of June 30, 2021. As of June 30, 2022, the OPEB liability of \$10,304,439 is related to the governmental funds and is recorded in the governmental activities in the government-wide statement of net position (deficit) and the remaining \$273,241 of the OPEB liability is recorded as a liability in the proprietary fund statement of net position, and in the business-type activities in the government-wide statement of net position (deficit).

For the year ended June 30, 2022, the District recognized OPEB expense of \$663,000. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 98,000	\$ -
Changes in assumptions	1,127,000	141,000
Net difference between projected and actual investment earnings	21,000	-
Changes in proportions	317,000	96,000
Contributions subsequent to the measurement date	<u>519,948</u>	<u>-</u>
	<u>\$2,082,948</u>	<u>\$237,000</u>

\$519,948 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,

2023	\$ 200,000
2024	198,000
2025	290,000
2026	242,000
2027	219,000
Thereafter	<u>177,000</u>
	<u>\$1,326,000</u>

Actuarial Assumptions

The OPEB liability as of June 30, 2021, was determined by rolling forward the PSERS' OPEB liability as of June 30, 2020 to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - entry age normal - level % of pay
- Investment return - 2.18% - Standard & Poor's 20-year municipal bond rate
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

- Premium assistance reimbursement is capped at \$1,200 per year.
- Assumed healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

Participation rate:

- Eligible retirees will elect to participate pre age 65 at 50%
- Eligible retirees will elect to participate post age 65 at 70%

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study that was performed for the five-year period June 30, 2020.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2019 determined the employer contribution rate for fiscal year 2021.
- Cost method - amount necessary to assure solvency of premium assistance through the third fiscal year after the valuation date.
- Asset valuation method: market value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality tables for males and females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments consist primarily of short term assets designed to protect the principal of the OPEB plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for health insurance premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of health insurance premium assistance benefits for each succeeding year.

<u>OPEB – Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	79.80%	0.10 %
US Core Fixed Income	17.50%	0.70 %
Non-US Developed Fixed	<u>2.70%</u>	(0.30)%
	<u>100.00%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2021.

Discount Rate

The discount rate used to measure the OPEB liability was 2.18%. Under the OPEB plan's funding policy, contributions are structured for short term funding of health insurance premium assistance. The funding policy sets contribution rates necessary to assure solvency of health insurance premium assistance through the third fiscal year after the actuarial valuation date. The health insurance premium assistance account is funded to establish reserves that are sufficient for the payment of health insurance premium assistance benefits for each succeeding year. Due to the short term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the OPEB plan is considered a "pay-as-you-go" plan. A discount rate of 2.18% which represents the Standard & Poor's 20 year municipal bond rate at June 30, 2021, was applied to all projected benefit payments to measure the total OPEB liability.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Sensitivity of District's Proportionate Share of the Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual health insurance premium assistance. As of June 30, 2021, retirees health insurance premium assistance benefits are not subject to future healthcare cost increases. The healthcare insurance premium assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on healthcare cost trends as depicted below.

The following presents the net OPEB liability for June 30, 2021, calculated using current healthcare cost trends as well as what net OPEB liability would be if it health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Trend Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB liability	<u>\$10,576,480</u>	<u>\$10,577,680</u>	<u>\$10,578,627</u>

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 2.18%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.18%) or 1-percentage-point higher (3.18%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
	<u>1.18%</u>	<u>2.18%</u>	<u>3.18%</u>
District's proportionate share of the net OPEB liability	<u>\$12,139,208</u>	<u>\$10,577,680</u>	<u>\$9,291,529</u>

OPEB Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on PSERS's website at www.psers.pa.gov.

(11) PENSION PLAN

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees Retirement System ("**PSERS**") and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Plan Description

PSERS is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the system include all full-time public employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year credited service; (b) age 60 with 30 more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2.00% or 2.50%, depending upon membership class, of the member's final average salary (as defined in the code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member Contributions

Active members who joined the system prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.50% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system on or after July 22, 1983 and who were active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.50% (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system after June 30, 2001 and before July 1, 2011, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the system after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.50% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect T-F membership, contribute at 10.30% (base rate) of the member's qualifying compensation. Membership Class T-E and T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause Membership Class T-E contribution rate to fluctuate between 7.50% and 9.50% and Membership Class T-F contribution rate to fluctuate between 10.30% and 12.30%.

Employees who become an active member of PSERS on or after July 1, 2019, are enrolled in a hybrid plan that has a defined benefit and defined contribution component. Members who joined PSERS after June 30, 2019, automatically contribute at the Membership Class T-G rate of 8.25% (base rate), including a 2.75% defined contribution component of the member's qualifying compensation. All new hires after June 30, 2019, who elect T-H membership, contribute at 7.50% (base rate), including a 3.00% defined contribution component of the member's qualifying compensation. Membership Class T-G and T-H are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause Membership Class T-G contribution rate to fluctuate between 5.50% and 8.50% and Membership Class T-H contribution rate to fluctuate between 4.50% and 7.50%. All new members can also elect a DC membership and contribute at 7.50% (base rate) to a defined contribution plan that has no defined benefit component.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

Employer Contributions

The District's contractually required contribution rate for fiscal year ended June 30, 2022 was 34.14% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$22,188,795 for the year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability of \$183,605,697 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by rolling forward the system's total pension liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2022, the District's proportion was 0.4472 percent, which was an increase of 0.0116 percent from its proportion measured as of June 30, 2021. As of June 30, 2022, the net pension liability of \$180,983,130 is related to the governmental funds and is recorded in the governmental activities in the government-wide statement of net position (deficit) and the remaining \$2,622,567 of the net pension liability is recorded as a liability in the proprietary fund statement of net position (deficit), and in the business-type activities in the government-wide statement of net position (deficit).

For the year ended June 30, 2022, the District recognized net pension expense of \$13,628,000. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 135,000	\$ 2,412,000
Changes in assumptions	8,905,000	-
Net difference between projected and actual investment earnings	-	29,226,000
Changes in proportions	5,524,000	496,000
Contributions subsequent to the measurement date	<u>22,188,795</u>	<u>-</u>
	<u>\$36,752,795</u>	<u>\$32,134,000</u>

\$22,188,795 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,

2023	\$ (4,468,000)
2024	(1,500,000)
2025	(2,158,000)
2026	<u>(9,444,000)</u>
	<u>\$ (17,570,000)</u>

Actuarial Assumptions

The total pension liability as of June 30, 2021 was determined by rolling forward PSERS' total pension liability at June 30, 2020 to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

- Actuarial cost method – entry age normal – level % of pay
- Investment return – 7.00%, includes inflation at 2.50%
- Salary growth – Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 retiree tables for males and females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 improvement scale.
- The discount rate used to measure the total pension liability decreased from 7.25% as of June 30, 2020 to 7.00% as of June 30, 2021.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial valuation experience study that was performed for the five year period ending June 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global public equity	27.0 %	5.2%
Private equity	12.0 %	7.3%
Fixed income	35.0 %	1.8%
Commodities	10.0 %	2.0%
Absolute return	8.0 %	3.1%
Infrastructure/MLPs	8.0 %	5.1%
Real estate	10.0 %	4.7%
Cash	3.0 %	0.1%
Leverage	(13.0)%	0.1%
	<u>100.0 %</u>	

The above was the PSERS Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2021.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the net pension liability, calculated using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

	<u>1% Decrease</u> <u>6.00%</u>	<u>Current</u> <u>Discount</u> <u>Rate</u> <u>7.00%</u>	<u>1% Increase</u> <u>8.00%</u>
District's proportionate share of the net pension liability	<u>\$240,989,180</u>	<u>\$183,605,697</u>	<u>\$135,199,892</u>

Pension Plan Fiduciary Net Position

Detailed information about the PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the system's website at www.psers.state.pa.us.

(12) RIGHT-TO-USE LEASES PAYABLE

The District has entered into long-term lease agreements as lessee for the use of vehicles and equipment. Initial lease liabilities were recorded in the amount of \$2,183,229. As of 6/30/2022, the value of the lease liabilities is \$1,079,483. The leases have an imputed interest rate of 3.00%. The vehicle and equipment's estimated useful lives range from 39 months to 5 years as of their contract commencements. The value of the intangible right-to-use assets as of 6/30/2022 is \$1,053,678, net of accumulated amortization of \$1,129,551, and is included with noncurrent assets on the statement of net position.

Future minimum lease payments under these leases are as follows:

Year ending June 30,

2023	\$ 558,692
2024	370,617
2025	189,361
2026	10,863
2027	2,341
Less: amount representing interest	<u>(52,391)</u>
Present value of minimum lease payments	<u>\$1,079,483</u>

(13) JOINT VENTURE AND JOINTLY GOVERNED ORGANIZATION

Technical College High School Pennock's Bridge

The District and other Chester County school districts participate in the Technical College High School Pickering Campus ("**TCHS Pickering**"). The TCHS Pickering provides vocational-technical training and education to students of the participating school districts. The TCHS Pickering is controlled by a joint Board comprised of representative school board members of the participating school districts. District oversight of the TCHS Pickering operations is the responsibility of the joint board. The District's share of operating costs for the TCHS Pickering fluctuates based on the District's percentage of enrollment. The District's share of operating costs for 2021-2022 was \$681,178.

The TCHS Pickering prepares financial statements that are available to the public from their administrative offices.

Chester County Intermediate Unit

The District and the other Chester County school districts are participating members of the Chester County Intermediate Unit (the "**CCIU**"). The CCIU is a regional educational service agency, established by the Commonwealth of Pennsylvania, which is governed by a joint committee consisting of School Board members from each participating district. The School Board of each participating district must approve the annual operating budget of the CCIU but the participating districts have no ongoing fiduciary interest or responsibility to the CCIU. The CCIU is a self-sustaining organization that provides a broad array of services to participating districts which include: curriculum development and instructional improvement; educational planning services; instructional material; continuing professional development; pupil personnel services; management services and state and federal liaison services.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

(14) CONTINGENCIES AND COMMITMENTS

Government Grants and Awards

The District receives federal, state and local funding under a number of programs. Payments made by these sources under contractual agreements are provisional and subject to redetermination based on filing of reports and audits of those reports. Final settlements due from or to these sources are recorded in the year in which the related services are performed. Any adjustments resulting from subsequent examinations are recognized in the year in which the results of such examinations become known. District officials do not expect any significant adjustments as a result of these examinations.

Litigation

The District is a defendant in various matters of litigation and claims. These matters result from the normal course of business. It is not presently possible to determine the ultimate outcome or settlement cost, if any, of these matters.

(15) RISK MANAGEMENT

Health Insurance

The District administers a self-insurance program to provide health and prescription insurance for eligible employees, spouses and their dependents. Accordingly, benefit payments plus an administrative charge are made to a third-party administrator, who approves and processes all claims. The District has recorded a liability for claims incurred through June 30, 2022 and are typically satisfied shortly after year end.

Workers' Compensation

The District and other participating Pennsylvania school districts and educational agencies participate in the School District Insurance Consortium ("**SDIC**"), which is a voluntary trust. The District and the other participating members pay premiums to SDIC for the purpose of seeking prevention or lessening of claims due to injuries of employees of the participating members and pooling workers' compensation and occupational disease insurance risks, reserves claims and losses and providing self-insurance and reinsurance thereof. It is the intent of the participating members of SDIC that the SDIC will utilize funds contributed by the participating members, which shall be held in trust by SDIC, to provide self-insurance and reimbursements to the members for their obligations to pay compensation as required under the Workers' Compensation Act and the Pennsylvania Occupational Disease Act and to purchase excess and aggregate insurance. As of June 30, 2022, the District is not aware of any additional assessments relating to SDIC.

Other Risks

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs. For insured programs, there were no significant reductions in insurance coverages during the 2021-2022 year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

(16) PRIOR PERIOD RESTATEMENTS

As a result of the implementation of GASB Statement No. 87, the District made a prior period adjustment to record its lease liability and capital assets related to lessee agreements. In addition, the District made a prior period adjustment to restate capital assets for construction in progress costs not capitalized in prior years. These prior period adjustments and their effect on net position at July 1, 2021 are summarized in the following table.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

* Pennsylvania school districts' major revenue source, property taxes, are subject to a legislated cap, which limits property taxes above the cap subject to certain exceptions. This cap is referred to as the Act 1 Index, and the exceptions are for costs exceeding that cap for employee retirement and special education expenditures. The Act 1 Index is used to determine the maximum tax increases for each tax the school district levies without Pennsylvania Department of Education exception or voter approval.

Total Overlapping Debt	521,780,000		75,409,920
Total Direct and Overlapping Debt	\$613,554,483		\$167,184,403

⁽¹⁾ Debt as of July 1, 2022. This debt is paid from taxes levied by governments other than the District. Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Tredyffrin Easttown School District. One hundred percent of Tredyffrin Township and Easttown Township is located in Tredyffrin/Easttown School District. Chester County Government calculated the 12.9% by dividing the assessed values of properties in Tredyffrin and Easttown Townships by the total assessed values of properties in Chester County. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND CERTAIN STATE GRANTS

June 30, 2022

(1) FEDERAL EXPENDITURES

The Schedule of Expenditures of Federal Awards and Certain State Grants reflects federal expenditures for all individual grants which were active during the fiscal year. Additionally, the Schedule reflects expenditures for certain state grants.

(2) BASIS OF ACCOUNTING

The District uses the modified accrual method of recording transactions except as noted for the accounting of donated commodities in Note 3. Revenues are recorded when measurable and available. Expenditures are recorded when incurred.

(3) NONMONETARY FEDERAL AWARDS – DONATED FOOD

The Commonwealth of Pennsylvania distributes federal surplus food to institutions (schools, hospitals and prisons) and to the needy. Expenditures reported in the Schedule of Expenditures of Federal Awards and Certain State Grants under ALN 10.555 National School Lunch Program and passed through the Pennsylvania Department of Agriculture represent federal surplus food consumed by the District during the 2021-2022 fiscal year.

(4) ACCESS PROGRAM

The District participates in the ACCESS Program which is a medical assistance program that reimburses local educational agencies for direct eligible health-related services provided to enrolled special needs students. Reimbursements are federal source revenues but are classified as fee-for-service and are not considered federal financial assistance. The amount of ACCESS funding recognized for the year ended June 30, 2022 was \$720,064.

(5) INDIRECT COSTS

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance. No indirect costs were charged to the District's Federal awards for the year ended June 30, 2022.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year ended June 30, 2022

There were no audit findings for the year ended June 30, 2021.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Board of School Directors
Tredyffrin/Easttown School District
Wayne, Pennsylvania**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Tredyffrin/Easttown School District, Wayne, Pennsylvania, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Tredyffrin/Easttown School District's basic financial statements, and have issued our report thereon dated November 14, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tredyffrin/Easttown School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tredyffrin/Easttown School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Tredyffrin/Easttown School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tredyffrin/Easttown School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Tredyffrin/Easttown School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Tredyffrin/Easttown School District's major federal programs for the year ended June 30, 2022. Tredyffrin/Easttown School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Tredyffrin/Easttown School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Tredyffrin/Easttown School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Tredyffrin/Easttown School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Tredyffrin/Easttown School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Tredyffrin/Easttown School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Tredyffrin/Easttown School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Tredyffrin/Easttown School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Tredyffrin/Easttown School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Tredyffrin/Easttown School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

TREDYFFRIN/EASTTOWN SCHOOL DISTRICT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year ended June 30, 2022

SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unmodified opinion on whether the financial statements of the Tredyffrin/Easttown School District were prepared in accordance with GAAP.
2. No significant deficiencies or material weaknesses relating to the audit of the financial statements of the Tredyffrin/Easttown School District are reported in the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Government Auditing Standards.
3. No instances of noncompliance material to the financial statements of the Tredyffrin/Easttown School District, which would be required to be reported in accordance with Government Auditing Standards, were disclosed during the audit.
4. No significant deficiencies or material weaknesses in internal control over the major federal award programs are reported in the independent auditor's report on compliance for each major program and on internal control over compliance required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal award programs for the Tredyffrin/Easttown School District expresses an unmodified opinion on all major federal programs.
6. There are no audit findings that are required to be reported in accordance with 2 CFR Section 200.516(a).
7. The programs tested as major programs were:

 Child Nutrition Cluster:
 School Breakfast Program – ALN 10.553
 National School Lunch Program – ALN 10.555
8. The threshold used for distinguishing between Type A and B programs was \$750,000.
9. The Tredyffrin/Easttown School District did qualify as a low-risk auditee.
