

Hillside Elementary School

4th Grade Summer Activities

●●● SUMMER COLLAGE ●●●

Design a picture collage of the things that you did during the summer. They will be shared during the first week of school. Include some information from the books that you read.

Some ideas to include:

- Your name
- Things you did
- Places you visited
- Books you read
- People you saw
- Photos, pictures, brochures, drawings, or anything else to help describe your summer.

●●● READING ●●●

Please read **3-5** books during the summer. Include some information about the books you read on your summer collage. Explore different **GENRES** or types of literature: For suggested ideas visit www.startwithabook.org

Poetry
Fantasy
Informational
Biography
Sports

Historical Fiction
Realistic Fiction
Animal Stories
Mystery
Tall Tales, Fables or Myths

●●● MATH ●●●

THE 24 GAME

Learning and practicing +, -, x, and ÷ math facts is extremely important. The fourth grade highly recommends **The 24 Game** for practicing math facts. For more information, check out:
www.24game.com

Sample playing card:

Make 24 using **all** four numbers one time only. Use any of the four basic operations: +, -, x, ÷

Ex: $4 + 2 = 6$

$3 + 1 = 4$

$4 \times 6 = 24$

OTHER GAMES AND ACTIVITIES:

The Set Game, skip counting, Suduko, Yahtzee, fact families, Monopoly, etc. Many board games can help with logic & problem solving and can be a fun part of family game night.

WEBSITES:

You can find plenty of great math **websites** with help from an adult. Here are some good ones:

- nlvm.usu.edu/en/nav/vlibrary.html
- internet4classrooms.com (select "grade level help")
- studyisland.com
- worksheetworks.com
