Matriculation Date: _____

Upon my withdrawal from Conestoga and matriculation at a college, I will need to satisfy the following remaining requirements to earn a Conestoga diploma:

These requirements may be satisfied, with principal's pre-approval, through coursework at the college of enrollment.

It is understood that all requirements outlined in the Conestoga High School Program of Studies must be completed in order to receive a diploma. The requirements include credits in specified areas earned in grades nine through twelve. In order to participate in commencement ceremonies and to receive a diploma, students bear the responsibility for providing documentation of completion of graduation requirements. Conestoga High School will require 30 days advance notice of a student's intent to participate in the ceremony.

Students should understand that commencement ceremonies are conducted and diplomas issued in June of each year. During the interim between the completion of requirements and distribution of diplomas, a letter from the principal may be requested to certify graduation. Students are responsible for communicating with class sponsors and other school staff concerning commencement procedures and other information of interest to seniors.

Finally, it is understood that all fees and expenses related to early study at the college level are the responsibility of the student and his or her family.
