Musicians may participate in more than one ensemble. Visit your music teacher's web page (above) to register.

Acquiring an Instrument

For String/Band lessons, we ask that you provide your child with an instrument, book, and supplies by the first week of September. You may choose to use an instrument that you have in your possession (must be in excellent playing condition and proper size) or you may elect to rent an instrument. **A list of music stores and important supplies is on the attached page.** Please be sure your child accompanies you to the music store to ensure that he/she receives the correct size instrument. If you are unable to provide an instrument for your child, please contact your school Music Teacher or Guidance Counselor regarding the District's FLITE program. BUS NOTE: District policy states musical instruments must be able to fit on the student's lap or under the seat ahead of them without endangering the safety of other students. Students with large instruments should provide their own transportation to school on lesson days.

Thank you for your interest in the music program at Tredyffrin/Easttown School District!

Sincerely,
District Elementary Music Staff
