Emergency Delayed Openings and Closings

TE All-Call

The T/E School District uses TE All-Call, an automated phone notification system. TE All-Call allows the School District to send important messages quickly via phone to parents and guardians. This calling service will be used in the event of weather-related closings, late openings, early dismissals and any other unscheduled closings, cancellations or emergency situations.

In order to provide this service effectively, you will be asked in to provide three phone numbers that will be used as the contact numbers in the TE All-Call system. The system will call three numbers per child. For a list of frequently asked questions on TE All-Call, please visit the T/E School District website at www.tesd.net .

Announcements about Delayed Openings or Closings

In addition to TE All-Call, closing information will also be broadcast on major television networks, displayed on TETV, Comcast Channel 14, and Verizon Channel 20. and recorded on the Information Hotline at 610-240- 1970. For announcements on KYW radio, our School District Emergency Number is **Chester County 854**.

Emergency Closing Information

Serious weather conditions or other emergencies may make it necessary to close or delay the opening of schools. Announcements will be made on the TE All-Call Phone Notification System, the TESD website, the T/E Information Hotline - (610) 240-1970, T/E TV on Comcast Cable Channel 14 and Verizon Channel 20, as well as on local commercial television stations. Parents are encouraged to establish emergency procedures with their children ahead of time to prepare for early school closings.

Early Dismissal Times: *

Grades 9-12: 11:45 am

Grades 5-8: 12:17 pm
Grades K-4: 12:45 pm

* subject to change based on specific weather conditions; lunch periods held prior to dismissal

Modified Kindergarten Schedule for Two-Hour Delays

AM and PM kindergarten sessions will follow a modified schedule on days when inclement weather results in a 2-hour delayed opening. Each kindergarten session will be reduced by 1 hour when there is a delayed opening to provide equal instructional time for both sessions. AM kindergarten classes will begin at 11:10 am and will conclude at the modified pick-up time of 1:05 pm. Parents of PM kindergarten students should drop their children off at the modified start time of 1:50 pm. School dismissal time for PM kindergarten students remains at 3:45 pm. As a result, AM kindergarten students who use bus transportation to school will be picked up at their bus stops 2 hours later than usual and PM kindergarten students will ride the bus home at their regularly scheduled time. Parents are asked to make note of the change in the mid-day pick-up and drop-off times on days when there is a 2-hour delayed opening.

Modified Kindergarten Schedule

AM Kindergarten: 11:10 am – 1:05 pm
PM Kindergarten: 1:50 pm – 3:45 pm

TE All-Call Emergency Phone Notification System

Automated phone calls, text messages and emails will be sent to parents through the TE All-Call phone notification system, powered by SchoolMessenger. Please contact your school's main office if you need to add or change one of your contact numbers for TE All-Call. [Click here to learn more about the TE All-Call system.](#)

From time to time technical issues beyond the District's control may cause some calls generated by TE All-Call to not be received by the call recipient. If the weather is inclement and parents have not received a call from TE All-Call, they are advised to call the T/E Information Hotline at 610-240-1970, check the T/E School District website, or check local TV networks. To confirm or change your phone numbers on file in the TE All-Call system, please contact the main office of your child's school.

Dismissal

At the conclusion of the school day, children who are walkers, car riders, and those going to A Child's Place are dismissed first. **A child must have a note if they are going home any way other than the usual way.**

Parents wishing to pick up their children on any given day must write a note/email and send it to the teacher and the main office secretary before 3PM. No child will be dismissed to the parking lot. Parents are required to park their cars and come into the building to meet their children.

Children taking the bus will be dismissed from their classrooms. Bus passes are required for those wishing to take a bus other than their own. Bus passes may be obtained in the morning by writing a note requesting alternative transportation for that day. Walkers are dismissed to adults waiting near the 2nd grade hallway door in front of the school.

Bus Transportation

Parents are notified of their child's bus number and stop at the beginning of the school year via the Powerschool Parent Portal. Bus routes and schedules are also posted on the district's website. Children may not ride a bus other than their own bus without a bus pass. Written parental permission to take another

bus or to exit the bus at a different stop is required. Long-term bus change requests may be made on a form that is available in the school office.

Questions or concerns about bus routes, stops and other bus information should be directed to the Transportation Department at **610-240-1680**.

Absences

We request that parents email the school attendance office at HEAttendance@tesd.net as soon as possible but before 9:10AM when a child will be absent or late. After attendance is taken in the classroom, the office verifies all student absences and calls to check on those who have not called in to report absences.

Absences are considered lawfully excused when a student is prevented from attendance for mental, physical, or other urgent reasons such as: illness, family emergency, death of a family member, medical or dental appointments, authorized school activities, educational travel with prior approval, pre-approved religious instruction (limit 36 hours per year), bona fide religious holiday, and for purposes of receiving tutorial instruction in a field not offered in the District's curricula.

Parents/guardians must provide the school with a written excuse explaining why their children were absent within three calendar days of an absence. All schools will accept hand-written notes, emails from parents'/guardians' designated email address, or faxes created and sent by parents/guardians. Phoning in does not take the place of a written or emailed note.

If a child will be out of school **for more than one day due to illness**, homework can be requested by calling the office. The teacher will prepare homework that will be available for pick up in the office 24 hours later.

Legal absences for student educational travel must be requested at least two weeks in advance of the travel. A form requesting legal absence may be obtained in the office. The Superintendent must approve trips greater than 5 days in length.

The full District Attendance Policy and Regulation 5113 are provided on the district's website at www.tesd.net and in the back of this Handbook.

Tardiness

Students arriving after 9:10 AM are considered tardy. (PM kindergarten students are tardy after 12:50 PM). When students arrive late, they must report to the lobby desk to receive a tardy pass that admits them to class. Parents are required to send a written note to explain the tardiness. Tardiness is considered excused due to illness or a doctor's appointment.

Nonresident Students (TESD Policy 5116)

The Tredyffrin/Easttown School District (TESD) operates for the benefit of resident children eligible for enrollment. Students are only eligible to enroll in TESD schools when they reside in the TESD at time of enrollment as determined by law. In this regard and by way of examples, the following do not establish residency:

1. Ownership or proof of future ownership of property (regardless of whether the property is residential, commercial or industrial) in the TESD without actual residency in the TESD at time of enrollment.
2. Residency with another family without complying with requirements established elsewhere in this Policy.
3. Residency with a parent who has less than 50% custody, without a court order specifically

designating the TESD as the District of residence for school attendance purposes.

The TESD will only permit the enrollment of nonresident students when they are eligible for a specific reason as set forth in this Policy or as required by law. While the TESD's practice is not to enroll nonresident students on a tuition basis, nothing in this Policy shall preclude the TESD from assessing tuition charges to families whose children attend school in violation of this Policy and its accompanying regulation.

Dress Code

Students should wear clothing that is appropriate for elementary school. A student's day can be filled with various activities that require physical activity; therefore, appropriate shoes should be worn to school. Sneakers are required for physical education class. Boots, warm coats, hats and gloves are recommended during cold weather so that children will enjoy outdoor recess on cold days. Please label all clothing with children's names.

Dress and Appearance (TESD Policy and Regulation 5415)

Students have the right to determine their dress and appearance as long as it conforms to norms of decency and does not materially and substantially interfere with the educational process, threatens the school or community, depicts or encourages unlawful or otherwise prohibited activity, or interferes with another student's rights.

Clothing bearing or depicting messages, images, or advertisements relating to drugs, alcohol tobacco is not permitted. Clothing depicting violent or sexually explicit messages or images is also prohibited.

Each school's dress code policy shall be gender-neutral. Schools cannot enforce specific attire based on gender. Students have the right to dress in accordance with their gender identity within the constraints of the dress codes adopted by the school. Gender-neutral dress code guidelines apply to regular school days as well as any school sponsored activities.

Students whose attire does not conform to the applicable standards will be asked to put on appropriate clothing. Students may be asked to change into appropriate clothing, if available at school, or the student's parent/guardian will be called and asked to bring appropriate clothing to school. Students with questions about the applicable dress code or the appropriateness of particular attire/appearance shall direct such questions to the building principal.

Lost and Found

A Lost and Found bin is located in the cafeteria. Parents and children are encouraged to check the Lost and Found whenever jackets, sweaters, or other items are missing. Periodically the contents of the Lost and Found are donated to a local charity.

First Aid is given in school for pupils who are injured or who become ill while attending school. The school doctor recommends standard orders for first aid. Parents are expected to give information to the school to

cover emergency situations, and to make transportation available when needed. The school is not responsible for treating injuries that happen at home.

Use of Medication (TESD Policy 5406)

Administration of Medications to Students

Unless specifically authorized otherwise by Board Policy, the administration of medication to a student during school, at any school-sponsored activity, or on a conveyance providing transportation to or from school or school-sponsored activity, will be permitted only upon prior consent of the student's parent/guardian and at the direction of a licensed healthcare provider, in the following circumstances:

1. Where failure to take or make available such medication would jeopardize the health of the student or would prevent the student from attending school or participating in a school-sponsored activity; or
2. Where the administration of medication is part of a student's accommodation plan, service agreement, or Individualized Education Program (IEP), in accordance with applicable law.

A copy of the District's Board Policy and Administrative Regulation 5406 are available for review on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5406.p df> and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R5406.p df>, respectively. Students and their parents/guardians are encouraged to review this Policy and Regulation carefully.

Emergency Medical Cards

Emergency Medical Forms are completed by parents at the beginning of each school year. The information is critically important in the event of illness or accident. Please complete the electronic form in the Powerschool Parent Portal prior to the first day of school. Any updating or change of information can be made by contacting the school nurse or school secretary.

Cafeteria / Food Guidelines

Breakfast

The cafeteria operates a School Breakfast Program that consists of (1) ½ pint of milk, (2) ½ cup servings of fruit or full strength vegetable or fruit juice and (2) 2oz of protein or 2oz. of bread or cereal or 1oz.each of protein and bread or cereal. Under the “offer vs. serve” option, a student may decline one item.

Lunch

TESD cafeteria meals are planned according to federal regulations to provide 1/3 of the students' Recommended Dietary Allowances (RDA) and contain no more than 30 percent calories from fat and 10 percent calories from saturated fat averaged over the week. Our cafeteria operates under the National School Lunch Program. Lunch consists of five components: (1) a serving of high protein food, (2) ½ pint of milk, (3 & 4) two servings totaling ¾ cup of fruits and/or vegetables and (5) grain. Under the “offer vs. serve” option, students may choose to take three, four, or five of the components. In addition, milk, juice, snacks, desserts and other a la carte items may be purchased in the cafeteria.

Menus and prices are on the district website www.tesd.net under Departments—Food and Nutrition Services.

Personal Identification Numbers

Each student has a Personal Identification Number (PIN) for the cafeteria. Parents may send in a check in any amount payable to the Hillside Elementary Cafeteria for each child's account. This account is a debit account, and each time a student purchases food from the cafeteria, the account is debited. Parents can restrict the number of snacks the child is permitted to buy by writing a note to the cafeteria. Allergy information can also be linked to the students account by writing to the cafeteria. The PIN number remains the same for each child from year to year.

Food from Home

Wellness Policy Implementation (TESD Regulation 5402)

No food of any kind is permitted to be brought to school to be shared with students in connection with recognition of birthdays, celebrations such as Halloween, holidays, Valentine's day, cultural events and end-of- the-year festivities.

Eating with Students

Parents are permitted to visit and eat with their child **on an occasional basis**. Lunch is intended as an opportunity for students to interact socially with their peers. It is important that students be given the independence and support to socialize productively and meaningfully.

When visiting, please sign-in at the lobby before proceeding to the cafeteria. Visitors typically either purchase lunch from the cafeteria or bring a bag lunch from home. It is nice for the students to see that grownups also eat nutritious lunches. We advise that soft drinks or "fast- food" lunches not be brought in when parents visit for lunch. (The sale of soft drinks to students is prohibited in all TESD schools during the school day.) We want to emphasize nutritional eating by the foods sold in the cafeteria. We ask that when you come to eat lunch with your child, you help us continue to model healthy, nutritious eating.

Parents who visit during lunch are not permitted to direct the activities of students who are not their child and should allow school personnel to make determinations about seating, peer groupings, and student behaviors.

Snacks

All grade levels have a snack break during the school day. For children in K-2, snacks are provided from home. For children in grades 3-4, snacks are provided from home or can be purchased from the school cafeteria. For snacks from home, please do not include any foods that include peanuts, tree nuts, peanut or tree nut oils, peanut butter, or any peanut or tree nut products.

If you are providing a snack for your child, please make every effort to assure that it is healthy and nutritious.

Celebrations

Classroom Parties

During the school year there are typically four classroom celebrations: Halloween, Winter, Valentine's, and End-of-the-Year parties. Homeroom parents work with classroom teachers to organize the parties. No food of any kind is permitted to be brought to school to be shared with students in connection with recognition of birthdays, celebrations such as Halloween, holidays, Valentine's day, cultural events and end-of-the-year festivities.

Student Birthdays

Students who choose to celebrate their birthdays in school may do so with a non-food item (pencil, sticker etc...). No food of any kind is permitted to be brought to school to be shared with students in connection with recognition of birthdays.

Please communicate with your child's teacher before sending any non- food item into the classroom for a celebration or birthday at least one week in advance.

HOME/SCHOOL COMMUNICATION

Contacting Teachers

Communication between home and school is an essential component of our school. Parents are encouraged to contact the teacher when they have a concern or a question. If a teacher receives a note, email or phone call that requires a response, teachers will make every effort to answer within 24 hours. All teachers have voice mail. We do not interrupt class time with phone calls, but teachers do check their voice mail daily and will respond to parent messages.

Hillside Elementary Website

The TESD and Hillside website are great resources for parents and community members to learn more about the various facets of our school such as grade level curriculum, PTO information, and upcoming events. Please take the opportunity to periodically visit our site: www.tesd.net.

Email Guidelines for Parents

A professional staff directory listing names and voicemail extensions can be found on the T/E website, www.tesd.net. If you choose to send an email message to a member of our professional staff, you may not get an immediate reply as staff members will determine how best to contact you: by email, phone, or to schedule a personal conference.

When using email we ask that you follow these guidelines:

- Please do not send vital timely messages by this medium. Use the telephone to be sure your message is received and clearly understood. For example, do not use email to inform a teacher that your child is not to go home on the bus.
- Please do not share confidential information in an email message.
- E-mail is not the best way to fully discuss the details of a student's academic progress or behavior. These topics are best addressed through a phone conversation or by scheduling a conference.
- Please keep all contacts professional. Do not forward jokes, amusing or special stories, chain letters or commercial solicitations.

Newsletter

The **Hillside Highlights** is published weekly by the Hillside PTO. It is sent to all families via e-mail and is also available on the Hillside PTO website www.hillsidepto.org. This newsletter contains information about upcoming events, community programs, and PTO sponsored events. The "Highlights" contains information about current curriculum and program at each grade level as well. Please inform the school office if you cannot retrieve the Highlights electronically and require a paper copy.

Visitors, Volunteers, and Chaperones (see School Board Volunteer Policy 1300)

Parents are encouraged to visit our school particularly for special activities and events. All visitors and volunteers must register through our Raptor visitor management system with a government issued ID (ie: driver's license or passport). For more information on the Raptor system, please see <https://www.tesd.net/Page/16998>. Although it takes an extra minute to sign in, this procedure is an important safety measure in our school. When visiting a classroom or volunteering, we ask that parent-teacher conferences not be held so that our teachers can give their full attention to the children in their class. During the school year, members of the school district's administrative staff may also visit classrooms.

The school program is greatly enriched by the volunteer services of many parents. Volunteers play an important role in the quality of life in our school. The following guidelines have been developed to assist you in serving in this unique function. Offering to volunteer in our school assumes your understanding of these guidelines.

- Confidentiality: Information you see or hear can affect the lives and future of individual students. Volunteers must respect the privacy of this information and maintain the same in strict confidence.
- Attendance: School personnel depend upon and plan for the assistance of volunteers when scheduled. Volunteers are encouraged to notify the staff with whom they work as far in advance as possible if they are unable to help during their scheduled time.
- Cell Phones: When volunteering, please silence your cell phones to prevent distractions.

Please contact your child's teacher or the PTO Volunteer Chairperson if you would like additional information about volunteering.

*** Notice Regarding Volunteer Clearance Requirements**

New amendments to the Child Protective Services Law (CPSL) enacted on July 1, 2015, state that school volunteers with regular and repeated contact with students and who are responsible for the care, supervision, guidance or control of children will need background clearances. As of July 1, 2016, clearances must be received and processed by the School District prior to volunteering for activities requiring clearances. There is a wide variety of volunteer opportunities, some of which require clearances and some of which may not. You can view the summary of opportunities on the District website at www.tesd.net/volunteers. Teachers and principals will work together to determine whether or not

clearances are required as volunteers are called upon for each specific event. For that reason, we recommend and encourage all parents get the clearances. The three clearances required are the (1) PA Criminal Background Check, (2) PA Child Abuse Clearance, and (3) FBI (federal criminal background check). Directions for completing these forms can be found at www.tesd.net/volunteers. There is no cost for the two PA clearances and the cost of the FBI check is \$27. If you have lived in PA for the entirety of the previous ten years, you may submit an affidavit form in lieu of the FBI check. The affidavit form, which must be signed and witnessed, is also available on the District website. All clearance forms should be sent to the TESD Human Resources Office, 940 West Valley Road, Suite 1700, Wayne, PA 19087. They may also be emailed to volunteerclearances@tesd.net. Renewal of clearances will be required every five (5) years.

Chaperones are required to submit background check certifications to the extent required by Board Policy 1300 (Volunteers).

Dropping Off Materials for Students

Materials that need to be dropped off for students should be left at the lobby desk and will be delivered to or picked up by students. We value instructional time and ask that parents and visitors respect our teachers' need to focus on the children in their classroom without interruption.

Electronic Devices

At the elementary level we recommend that students do not bring electronic devices to school. In unusual circumstances when a student's family feels the need to have their child bring an electronic device (i.e. cell phone), the device must be turned off during the school day so that it does not cause any disruption to the education program. Individual teacher discretion is used to plan for the use of electronic devices. If families choose to send an electronic device, the school cannot be responsible for missing or damaged items.

INSTRUCTIONAL PROGRAM

T/E School District Mission Statement

To inspire a passion for learning, personal integrity, the pursuit of excellence, and social responsibility in each student.

Philosophy

The elementary program focuses on the education of the whole child while preparing students to become productive members of a diverse community. Using current research, best practices, as well as state and national standards as regulatory guidelines, the program strives to differentiate instruction to meet each student's individual needs. Critical thinking and intellectual curiosity are developed as students are encouraged to access, analyze, synthesize and evaluate information from various resources and points of view.

The goal is to foster a resilient and culturally competent student body by cultivating learning habits and tools for independent lifelong learning. In order to meet the needs of the global community, the elementary school practices will continuously evolve as influenced by technological and societal demands.

The elementary school program recognizes the importance of promoting healthy academic, social, physical, and emotional growth in all students. The elementary school program upholds the District's strategic planning mission statement, "To inspire a passion for learning, personal integrity, the pursuit of excellence,

and social responsibility in each student.” The students, staff, families, and community work together to support a caring and nurturing learning environment.

Grouping students for instruction at the elementary level places an emphasis on individual student progress leading to the development of the maximum potential for learning. In order to accomplish this goal, it is essential that children have opportunities to be intellectually challenged in skill areas and given opportunities to learn and share with children of varying abilities. In the process of grouping students, consideration is given to formation of groups that will enhance and foster interdependence among learners, promote independent thinking, build positive self-concept and provide a stimulating learning environment for each student.

Teams

Each elementary school is comprised of five grade level teams (Kindergarten through Fourth Grade), a Special Area Team (Art, Music, Physical Education, Library), and a Support Team (Guidance, Reading, Math Support, Learning Support, ESL, Nurse, Speech, and other support personnel.)

Core Class

Students in Grades 1 through 4 are assigned to a Core class. Core time is the majority of a student’s day in which all subjects other than math are taught. In this setting, subject areas are meaningfully integrated. The design of integration can include independent, small group, whole classroom, or grade level instructional activities. Core classes are designed to include students of more than one achievement level. Language arts instruction will occur in the core classroom.

Homework

The length of time spent on homework can vary from child to child. Generally, time spent on homework each night would be as follows:

- Kindergarten: (second half of the Year) 10 minutes
- First grade: 10-15 minutes
- Second grade: 15-20 minutes
- Third grade: 25-30 minutes
- Fourth grade 30-40 minutes

Homework assignments reinforce the skills and concepts taught in the classroom. Additional time should be spent reading nightly and routinely practicing basic math facts. Reading to children, at every age, is highly beneficial and valued.

Recess

Recess is an important part of the school day. It affords the children a time for recreation and social interaction in an unstructured, supervised setting. Please be sure your child is dressed appropriately for the weather.

Curriculum

Language Arts

The District’s Language Arts Learning Competencies provide the framework for language arts learning in eight key areas. Using these competencies as a foundation for spiraling skills development, teachers enrich the reading program with the most valuable aspects of a balanced literacy approach. This balanced approach accommodates the individual learning needs of each student and stimulates teacher creativity while providing a strong, consistent level of reading instruction across the District.

Language Arts Learning Competencies:

- Reading comprehension: Learning strategies (Example: main idea, sequence)
- Reading comprehension: Thinking skills (Example: inference, compare/contrast)
- Reading: Investigating language patterns (Example: word analysis, decoding, phonics)
- Speaking and writing (Example: writing process, grammar, spelling)
- Study skills
- Research skills
- Response to various genres (Example: fiction, biography, poetry)
- Lifelong reading

Reading

Reading instruction in the T/E School District is an organized, sequential program which includes a balanced use of whole group, small group, and direct instruction utilizing a wide variety of fiction and non-fiction texts.

Writing

Writing begins with the student's initial school experience. The use of the writing and reflecting process (brainstorming, pre-writing, drafting, revising, conferencing, editing and publishing) continues throughout the grades. Writing is not an isolated experience but is integrated throughout the school day in various curricular areas. Teachers introduce and reinforce the components of good writing at each grade level. Students and teachers use the portfolio as a vehicle for the development of skills in composing, revising and reflecting on writing throughout the grades.

Listening/Speaking

Communication skills are an integral part of the learning experience. Early modes of learning center around kinesthetic and visual activities. Listening and speaking skills develop as the child progresses through school. Learning these skills enables the student to become an active participant in the learning process.

Spelling

Beginning in kindergarten, students experiment with letters and sounds and learn how those letters build words. Emergent writers may have difficulty spelling words within their oral vocabularies. Rather than interrupt the flow of thought, invented spelling is encouraged. As students progress in their writing abilities, the purpose of the spelling curriculum is to help learners master conventional spelling. The formal spelling program focuses on spelling patterns and words student frequently misspell. Students also learn to use tools such as the dictionary, collaboration with peers, and technological devices.

Handwriting

In the early elementary grades, students learn the strokes which form the basis of manuscript letters. Handwriting instruction focuses on the development of letter formation skills and the application of these skills throughout the curriculum. Cursive handwriting is introduced in the third grade and refined in fourth. Students work with keyboarding and word processing, progressing in efficiency on an individual basis.

Study Skills

The development of good organizational and study skills is an essential part of schooling. Such topics as how to manage time, plan for long and short term assignments, organize workspace and materials, and study for tests are taught and reinforced at the appropriate team levels.

Mathematics

The T/E mathematics curriculum is based on a set of clearly defined learning objectives. Major concepts include: numbers and numerals, measurement, rational numbers, geometry, decimals, graphing, number theory, and probability. These concepts are developed through a balanced use of manipulative materials, various text-based instruction, and technology. Students are grouped for instruction beginning in first grade. This approach to teaching and learning accommodates the needs of students and provides students with appropriate challenge. Some factors that may be considered when grouping students by achievement

include teacher recommendation from the previous year, district- developed placement tests, standardized testing data, on-going classroom assessment, and teacher monitoring.

Math in Focus, Singapore Math is used across the district to provide a consistent foundation for each child to develop strong mathematical skills. This series emphasizes a balance for concrete, pictorial, and abstract instructional strategies.

Science

Science is best learned when students are engaged in practicing science. Hands-on activities encourage students to experience for themselves, through direct observation and experimentation, the process, joy and fascination of science. Through scientific experimentation, students answer their own questions and develop patience, persistence and confidence. T/E's elementary science curriculum in kindergarten is a hands-on, theme-based program.

Grades first through fourth have adopted Science and Technology for Children which was developed by the National Academy of Science in cooperation with the Smithsonian Institute. Each elementary school provides both hands-on science instruction in a science lab and classroom science instruction where reading and writing are tools for learning. A full-time science aide assists and supports the classroom teacher in the preparation and implementation of lessons.

The units of study are as follows:

Kindergarten Senses/Properties, Weather, Insects, Seeds/Plants, Energy, Agriculture

Grade 1 Comparing and Measuring, Weather, Rain Forests or Oceans, Organisms, Magnetism, Solar System, Sustainability

Grade 2 Life Cycle of Butterflies, Balancing and Weighing, Changes, Soil, Sound, Solar System, Sustainability

Grade 3 Chemical Tests, Rocks and Minerals, Plant Growth and Development, Land and Water

Grade 4 Ecosystems or Animal Studies, Food Chemistry, Electric Circuits, Motion and Design

Social Studies

The T/E social studies curriculum is designed to help students understand cultural diversity and their place in a global community.

Throughout the curriculum, students are encouraged to explore the following questions:

Kindergarten The Kindergarten social studies curriculum will focus on building community through an exploration of texts that highlight the characteristics that contribute to positive communities. Students will put these stories into practice within their own community by identifying and putting into practice the themes of sharing, kindness, empathy, resiliency and a growth mindset.

Grade 1 In 1st grade students take their understanding of their local community and explore the global community. Students will explore the culture, history and experiences within our global community through a study of people and places across the seven continents. Through this study, students will identify groups of people who contribute to places, identify and learn the meaning behind cultural traditions and celebrations and describe how geography impacts people and places.

Grade 2 In 2nd grade, students will continue their exploration of the global community by examining the role the global community has had on shaping the innovation of systems including communication, transportation, economics, sports and recreation and shelter and architecture. Through this study, students will recognize that innovation and collaborative problem solving were and still are a global experience.

Grade 3 In 3rd grade, students will explore the Essential Question, “Why do people live where they live?” Students will learn how innovation, opportunity and conflict have contributed to the movement of people around the world and Pennsylvania in particular. Students will journey back in time to discover the first inhabitants of the North American continent, the earliest settlers of Pennsylvania and the history of Chester County and Tredyffrin/Easttown townships, including the Berwyn School Fight. Students will explore how movement and immigration impacts people and places from past to present and continues to shape our state of Pennsylvania today.

Grade 4 Students in 4th grade will build upon their knowledge of community, innovation and movement and explore what it means to be a country and, through our course of study, begin to identify the factors that shape the American experience. After building upon existing map skills, students will focus on identifying and having a relational awareness of the states and capitals that make up our country. The next units will draw on knowledge from 3rd grade to discuss the pre-colonial encounter, explorers and Colonial America. Students will move from Colonial America to analyze the causes of the American Revolution, the writing of our Constitution.

Health

K-4 health is divided into four basic areas of study incorporating both factual knowledge and the development of positive attitudes and lifelong healthy behaviors.

Safety: Includes personal and group safety concerns involving, but not limited to, bus, bicycle, fire, playground and other grade appropriate issues.

Drugs and Alcohol: Incorporates Officer Friendly, Guidance and REACH (Responsible Adolescents Concerned and Helping) to encourage the child to make appropriate decisions based on factual information.

Family Life: Focuses on information, self-concept, interpersonal relationships and positive decision making. Please note: An alternate to the Family Life curriculum is available upon parental request.

Care of the Body: Provides children with activities that enable them to understand the value of maintaining good health through acquiring information and encouraging supportive health habits.

Art

Students have a regularly scheduled art class with an art teacher in Kindergarten and in grades 1, 3 and 4 once per cycle. In grade 2, students have two scheduled art classes per cycle. The classes range from 35 minutes in Kindergarten to 45 minutes in grades 1-4. All levels of the program include experiences designed to exercise and strengthen the pupil's ability to perceive, appreciate, perform and criticize. Provisions are made for each student to be involved with a variety of two-dimensional and three-dimensional materials and to gain understanding of our visual arts heritage. The activities are planned to promote the development of independent thinking and self-evaluation. The art curriculum follows a developmental scope and sequence and is a discipline-based approach to art education. Lessons are designed to provide instances for integration with elements of the core educational program.

Music

Classroom Music:

The goals of the music program are to provide the opportunity for every child to learn the basic skills of singing and reading music, to develop song repertoire, and to broaden listening skills. Once per cycle, in grades K, 2, 3 and 4, every class meets with the music teacher for a period of thirty to forty-five minutes for musical activities that include listening, singing, performing, moving, reading and creating. In grade 1, students have two scheduled music classes per cycle. Through these activities, the students learn concepts dealing with the major elements of music which are rhythm, melody, form and harmony, tone, color, style and expressive qualities. In third grade, students are introduced to the "recorder" as an adjunct to the music

reading program.

Instrumental Music:

When students reach the third grade, they have the opportunity to study a string instrument. At the fourth grade level, they may begin instruction on suitable band or orchestra instruments. Group instrumental lessons are scheduled for thirty minutes once per cycle and rotate from cycle to cycle so that the same subject is not missed in the regular classroom. Students are invited to join a string orchestra and/or band that meets before school for forty minutes each week. In this setting, students are provided with the opportunity to further develop performance skills and produce both winter and spring concerts for the school and surrounding community.

Performance Groups:

Students are provided with a variety of performing opportunities. All elementary schools provide three music performance organizations: string orchestra (grades 3 & 4), beginning band (grade 4) and choral club (grades 3 & 4). These groups rehearse before school once each week. Parents are responsible for providing transportation to rehearsals.

Physical Education

Physical education contributes to the well-being of students through participation in activities designed to meet their physical, social, emotional and intellectual needs. It is a tool used to develop individual values of good citizenship and sportsmanship for real- life situations. As students move through the elementary grades, there is an increased degree of difficulty in skills and a greater emphasis on team play. The program is designed to provide equal opportunities for all students to participate in physical activities that promote self- confidence and the ability to work in coeducational groups. Our physical education program includes:

Kindergarten and Grade 1

- Locomotive skills
- Eye hand coordination
- Ball handling skills
- Stunts
- Game type activities
- Movement and posture education

Grades 2, 3 and 4

- Physical fitness, testing
- Start of formal exercise
- Stunts, tumbling, apparatus
- Rhythmics and dance
- Game program
- Sports program
- Individual/dual activities
- Citizenship/sportsmanship

Library/Media Center

The library is a warm, friendly, and inviting place where we encourage children to become lifelong readers. Books may be checked out for a one or two-week period of time. Fines are not charged for late items, but we do send home reminder notices on a monthly basis. Children of all grade levels come to the library to enjoy rich literature and to receive direct instruction in the workings of the library and its many technological resources. Research has demonstrated that students who are exposed to a print-rich environment engage in voluntary reading, and those who read at home tend to develop the habit of reading. We encourage families to take advantage of the resources of our library and share the joys of reading together. We strongly encourage all parents to spend time reading with their child each day.

SCHOOL INTERVENTION TEAM and Multi-Tiered Intervention Team

The purpose of the School Intervention Team (SIT) is to monitor the progress of our students and provide interventions to increase student progress in academic, social, and behavior skills. Students who are experiencing social, behavior, or academic needs may be recommended for a multi-tiered intervention process/plan. The SIT team consists of the principal, psychologist, counselor, math support teacher, reading specialist, classroom teacher(s), and other staff members. The team works together to monitor student progress, review performance data, and suggest and implement strategies to assist students in the classroom and school-wide setting. As a Multi-Tiered Intervention Team (MIT)plan begins, a member of the team notifies parents, the team collects data, staff members observe the student, and the team provides interventions targeted for the student. There will be periodic review of the student's response to intervention, continued review of performance data, student observations, and ongoing communication with parents.

The goals of MIT are:

- Review performance data for every student using universal ELA and math benchmark data (at least three times each year, beginning early in the school year), curriculum-based assessments, individual plan data, and observations of student academic, social, and behavior skills in the school setting
- Provide tiers of intervention that can be adjusted based on individual student need
- Continue to review student plan data and progress
- Provide informal data collection and direct intervention for students for whom instructional or behavioral support is needed
- Enhance and modify classroom instructional strategies
- Coordinate a school-wide delivery of support services for the student
- Monitor and assess student progress as interventions are used
- Ensure a positive and supportive learning environment
- Communicate with the school team and parents

SUPPORT PROGRAMS

Reading Support and BRIDGE

Supplemental support in reading is provided by the Reading Support and BRIDGE programs. Under the direction of the Reading Specialist, students in need of support in literacy strategies work in small groups or individually with a Reading Support Paraprofessional. Assessment for eligibility includes teacher input, individual reading evaluation and performance on standardized tests. This program provides direct instruction in addition to the child's classroom reading program.

ELD (English Language Development)

The goal of the ELD program is to increase proficiency levels for English language learners in the areas of listening, speaking, reading, writing, grammar and vocabulary. Students acquire the academic language necessary to function comfortably in the American classroom. The ELD teacher acts as a liaison between school and home. Recognizing the diversity of T/E students, the ELD teachers foster each child's participation in the T/E schools while preserving the child's own language and cultural heritage.

Counseling

The elementary guidance program serves children through counseling, consultation and coordination of services. The school counselor delivers the developmental guidance program. This program provides experiences that will assist each child in the development of a positive self-concept and an understanding of sound human relationships. The counselor works with children individually or in large and small group settings.

The counselor consults with parents, teachers, and community resource personnel to ensure that the needs of individual children are met. Acting as a coordinator, the counselor helps to plan meetings, share information and facilitate the process of accessing help for the child.

Math Support

The math support teacher provides supplemental help in mathematics. Assessment for eligibility includes classroom observations by the regular mathematics teacher, progress monitoring within the math class, and performance on standardized tests. To receive this support, children may meet in small groups and/or individually with the math support teacher either inside or outside of the regular mathematics class time.

Learning Support

The Learning Support program provides students with academic and/or behavior support to ensure that each child has the opportunity to be a successful learner. Students who participate in this program require specially designed instruction. This instruction is described in the child's Individual Education Plan (I.E.P.). Parents and teachers, working together, create this plan for the individual child.

Speech and Language Support

Identification of children who may have articulation, voice, fluency, and/or language problems occurs through referrals by parents, classroom teachers, other school professional staff, the family doctor, or the child. Any parent with a question, concern, or whose child has had previous speech therapy is encouraged to contact the Speech and Language teacher or the counselor. Support services are provided once a child is determined to be in need of specially designed instruction. The plan for this support is developed in the child's IEP. Speech support services may be provided in the classroom, in small groups, or individually both formally and informally.

Challenge

The Challenge program is an enrichment program for qualifying students. Students are identified on the basis of multiple criteria including standardized scores on aptitude and achievement tests, teacher and parent recommendations, academic achievement, and psychoeducational testing. Students in this program are involved in a variety of activities directed toward the goals of developing creative thought processes, higher level thinking skills, communication skills, group processes, decision making skills, problem solving, vocational and avocational interests and self-awareness/self-concept.

STUDENT ACTIVITIES

Chorus

Students in fourth grade who enjoy singing may join the Chorus. The Chorus rehearses before the school day begins. During the spring the Chorus presents a concert along with the Hillside Elementary School Band and Orchestra.

Instrumental Music

Third and fourth grade students may elect instruction on the violin, viola, or cello. Fourth grade students may receive instruction on string, woodwind, brass, and percussion instruments. The orchestra and band rehearse before school. Students have the opportunity to perform in a concert during the school year.

Clubs and After School Activities

The PTO sponsors a variety of after-school clubs during the course of the school year. In the past there have been clubs for a variety of topics such as: Game Club, Running Club, and Gardening Club. The District also funds the After-School Sports program for children in grades 2 through 4.

PARENT TEACHER ORGANIZATION (P.T.O.)

General Information

The Parent Teacher Organization is a vital part of Hillside Elementary School. Volunteers are active every day of the school year. Among other things, they serve as homeroom parents, media center volunteers, classroom volunteers, and field trip chaperones. The PTO raises funds to benefit the children of Hillside Elementary School.

PTO Meetings

The PTO meets once a month throughout the school year. Meetings are held at Hillside, and the meeting dates and times are published in the T/ E District and Hillside School Calendars, and also in the *Hillside Highlights*. The PTO website (linked here) includes information about upcoming events and opportunities for families-- <https://hillsidepto.org/> .

Hillside Highlights Newsletter

The *Hillside Highlights* is sent out to all families via e-mail throughout the school year. PTO volunteers, the principal and school staff contribute articles and information to the Highlights. This newsletter will keep you up to date with activities and events at Hillside.

PTO Committees

There are over 30 committees in the PTO. Parents are encouraged to help in the manner they enjoy best. Cultural Arts programs are funded by the PTO and a week-long *Theme Week* is a school highlight. Fundraising efforts support the purchase of a wide range of wonderful extra pieces of equipment and resources to benefit the children and program. The PTO also helps to welcome new families, plans family social events like Trunk or Treat and runs the Spring Fair each year.

CODE OF CONDUCT

Philosophy/Mission

- The development and maintenance of self-discipline is an integral aspect of learning.
- Each professional staff member, as a part of the normal teacher- learning process, shall develop and emphasize self-disciplinary procedures with students.
- Each staff member is responsible for contributing to the maintenance of these standards of behavior which are conducive to learning not only in the classroom but in corridors, the cafeteria and throughout the school site.

(From TE District Regulation 5401)

The goal of each elementary school in the Tredyffrin/Easttown School District is to provide the highest

quality of educational programs for our students. The cornerstone of school discipline lies in the development of responsible behavior in each child. All five schools utilize the Batsche “Pro Social Skills” model which emphasizes the responsibility of students to make proper choices for their behavior. When a choice is made, a student must reflect and evaluate it with an awareness of direct consequences. To facilitate these skills, guidelines are established which are consistent at all grade levels. All school staff members are trained to employ this model when a confrontation occurs.

Student behavior on buses, in hallways, cafeteria and recess areas is expected to comply with established guidelines. In addition, rules for behavior are in effect at school sponsored events during or after school hours, on or off the building premises.

We believe that a climate conducive to learning is established through the consistent application of disciplinary guidelines, staff expectations and parent support. The Elementary School Code of Conduct reflects a strong sense of community and partnership exemplified through the responsible behavior and academic excellence of our elementary students.

Pro-Social Skills Overview

The Pro-Social Skills Program includes a five-step system that provides language to help children control impulses and make constructive choices. The following is a list of the five steps and the rationale for each.

1. STOP AND THINK

Teachers say “Stop and think” to students behaving inappropriately. This message interrupts negative and impulsive behaviors. This prompt also aids self-control as students internalize and apply it themselves. For adults, “Stop and think” is calm, rational, consistent response to challenging behaviors. It serves as an alternative to emotional responses such as yelling or being drawn into arguments with children.

2. GOOD CHOICE OR BAD CHOICE

Teachers ask, “Are you going to make a good choice or bad choice?” This question places responsibility for decisions squarely upon children. Power struggles and win or lose situations that are generated by child defiance are defused. It is made clear that consequences are derived from choices made by children.

3. CHOICE OR STEPS

Implementation of this part of the sequence varies according to need. Some children are helped to explore alternative choices. In other cases, children are taught social skills essential for school and interpersonal success. These steps are concrete and specific. For example, steps for ignoring are Break (the gaze), Turn (your body), and Move (out of the area). These steps are verbalized to reinforce the controlling capacity of language.

4. JUST DO IT!

Teachers say, “Just do it!” This message is intended to activate children and eliminate excessive verbiage regarding events and behavioral expectations.

5. HOW DID I DO?

This step is used for self-monitoring and self-evaluation. Children reflect upon the results of their choices and consider behavioral alternatives when needed.

Based on the work of Dr. George Batsche

BEHAVIOR GUIDELINES

All five schools hold discipline expectations for students, which are consistent among all staff members regardless of the location or grade level in the building. A primary goal of the school is to nurture the concept of self-discipline and respect for others. The following guidelines are to be reviewed by students and their parents annually at the beginning of school and referenced frequently throughout the year:

HALLWAYS

1. Students should always walk when traveling to and from classes.
2. Quiet voices are to be used.
3. Students must keep their hands to themselves.

Disciplinary Measures

To ensure the rights, privileges, and safety of all elementary students, the following guidelines are in place to some degree in each school. The listing is not inclusive but meant to be a guide for fair and equitable treatment of students. The administration will exercise its discretion in making judgments regarding behavioral issues not listed within these guidelines. (The complete T/E School District Student Discipline **Policy and Regulation #5401** are available on-line.)

The Elementary Code of Conduct, General Behavior Guidelines, and Disciplinary Measures exist to ensure the safety of each child in our schools. These protective measures are in effect during school hours, field trips, on bus routes, at after-hours school, and PTO-sponsored events.

SCHOOL CLIMATE

Our Hillside school community is committed to fostering a positive, warm, safe, and caring environment where children are encouraged to learn and develop their potential. This is accomplished through several avenues:

- The Hillside Pledge
- PATHS: Promoting Alternative Thinking Skills
- Olweus Bullying Prevention program
- Developmental Guidance

Students and staff recite the **Hillside Pledge** daily:

I make this pledge with all my heart
 To try my best and do my part
 A kid for character I will be
 To make Hillside better for you and me.

PATHS Program: PATHS, which stands for Promoting Alternative Thinking Strategies, is designed to help elementary children to develop better thinking skills, more mature and responsible ways of behaving, and improved academic performance. PATHS lessons are taught on a weekly basis in all grades. The goals of the PATHS program include:

- Increasing children’s abilities to think and solve problems for themselves
- Increasing children’s abilities to use their thinking skills to act responsibly and maturely
- Improving children’s understanding of themselves and others
- Improving children’s feelings about themselves and others
- Increasing children’s abilities to learn more effectively in the classroom environment

Olweus Bullying Prevention Program

Our elementary schools use the research based Olweus Bullying Prevention Program as the foundation for creating a safe environment for children. This program presents a clear definition of the term “bullying”. “A person is bullied when he/she is exposed, repeatedly and over time, to negative actions on the part of one or more persons.”

This program provides a structured approach to the prevention of bullying. It promotes increased understanding of the issues involved with “bullying” behaviors and provides a coordinated plan for addressing these issues. It also includes strategies for bystanders to use when they observe bullying behaviors. The goals of the program are:

- To achieve better peer relations at school
- To reduce (and ideally eliminate) existing bully/victim problems among children.
- To prevent the development of new problems

There are four essential rules that we teach:

We will:

1. Not bully others
2. Help students who are bullied
3. Include all students who are left out
4. Tell an adult at school and home when someone is bullied

Developmental Guidance Program

The developmental guidance program introduces “I-Care” Rules in kindergarten and these are reinforced through the grades. The program reinforces getting along with others and teaches resiliency.

I-Care Rules:

1. We listen to each other.
2. Hands are for helping, not hurting.
3. We use I-Care language.
4. We care about each other’s feelings.
5. We are responsible for what we say and do

POLICIES AND REGULATIONS

Please see <https://www.tesd.net/site/default.aspx?PageID=50> for a complete list of Policies and Regulations.

MAINTAINING APPROPRIATE BOUNDARIES WITH STUDENTS (P5461 and R5461)

All District Adults shall be expected to maintain professional, moral and ethical relationships with District students that are conducive to an effective, safe learning environment. "District Adults" means all District employees, coaches of recognized club sports, volunteers, student teachers, and independent contractors, including the employees of independent contractors who interact with District students or are present on District grounds.

A copy of School Board Policy 5461 and Administrative Regulation 5461 are available at

<https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5461.pdf>
and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R5461.pdf>,

respectively. Select excerpts and summary information from this Policy and Administrative Regulation are also presented below.

In order to maintain professional boundaries, District Adults shall ensure that their interactions with students are appropriate. Social interactions and electronic communications by District Adults with students shall be for legitimate educational reasons only, unless an exception applies as outlined in Board Policy and Administrative Regulation 5461.

District Adults shall be prohibited from entering into or attempting to form romantic or sexual interactions with any student enrolled in the District, regardless of the student's age. Students of any age are not legally capable of consenting to romantic or sexual interactions with District Adults. All electronic communications conducted by District Adults with a student must relate to educational or extra-curricular programs or activities. Authorized methods of electronic communication are the following:

1. District-provided email;
2. District-sponsored web site (including school and teacher web pages);
3. Telephones (not including texting, unless otherwise permitted under number 4 below); and

4. Other electronic communication methods that are authorized by the administration in support of educational or extra-curricular programs or activities.

When available, all employees, including extra-duty employees such as coaches and activity sponsors, shall use District-provided email or other District-provided communication devices when communicating electronically with students. The use of District-provided email or other District provided communication devices shall be in accordance with District policies and procedures. District employees are prohibited from using personal email, text messaging, instant messaging, and social-networking accounts, websites, and any other applications for communicating with parents and students that are not specifically authorized. District employees shall not follow or accept requests for current students to be friends or connections on personal social networking sites and shall not create any networking site for communication with students other than those provided by the District for this purpose, without the prior written approval of the building principal. An example of allowable communications in this context includes where the adult is a family relative of the student. If an employee plans to communicate electronically with students through the use of text messages, the employee must obtain permission to do so from their building principal using the form attached as Attachment A to R5461. Also, if permission from the building principal is received, the employee must also obtain written parental/guardian permission to do so.

Policy 5461 applies to conduct committed on or off school property and extends beyond the workday. However, this Policy is not intended to interfere with appropriate personal relationships between District Adults and students and their families that exist independently of the District or to interfere with participation in civic, religious or other outside organizations that include District students.

An emergency situation or a legitimate educational reason may justify deviation from professional boundaries set out in Regulation 5461. The District Adult shall be prepared to articulate the reason for any deviation from the requirements of this Regulation and must demonstrate that they have maintained an appropriate relationship with the student.

Administrative Regulation 5461 includes examples of conduct that could or may violate District Policy regarding maintaining professional boundaries with students. District Adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board Policies, Administrative Regulations, rules and procedures. Any District Adult or student who has concerns about or is uncomfortable with a relationship or interaction between a District Adult and a student or who is aware of or suspects a violation of Board Policy or Administrative Regulation 5461 shall immediately, or as promptly as possible thereafter under the circumstances, notify the Superintendent, Title IX Coordinator, principal or other administrator. The District's Title IX Coordinator is the Director of Equity and Public Programs. Contact information for the Title IX Coordinator is available in Administrative Regulation 5461. Individuals who make good faith reports of potential or actual violations of Policy or Regulation 5461 shall not be subject to retaliation, discipline or other adverse action. Allegations of inappropriate conduct shall be promptly investigated in accordance with the procedures utilized for complaints of prohibited harassment of students.

STUDENT DISCIPLINE (P5401 and R5401)

In order to maintain a safe school climate that encourages learning for all students, teachers and administrators shall respond to actions or situations that disrupt this learning process. Discipline measures may include warnings, detentions, suspensions, expulsions or other appropriate responses to the circumstances.

Violations of this Policy and Administrative Regulation shall be reported to local law enforcement in accordance with the Memorandum of Understanding in effect between the District and the local law enforcement agency and any applicable Board Policy.

Offenses committed on school grounds, in school vehicles or while participating in school-sponsored activities on or off school premises or that have some other legally recognized nexus to the school that are considered to be of an extremely serious nature and may result in either suspension or expulsion, include but are not limited to the following:

1. Inappropriate physical contact, attack, fighting, bullying, hazing, harassment, threatening behavior or threats;
2. The use of, distribution of, or possession of, any substance subject to Policy 5405 (Student Substance Abuse) or 5411 (Tobacco Products: Possession and Use). Aiding or abetting any of the above actions regarding substances subject to Policy 5405 or 5411 shall be treated in the same way;
3. The use, possession, or transfer of any item which could be considered a weapon or which is dangerous in nature, as outlined in Policy 5410 or in accordance with applicable law;
4. Destruction or defacing of school property;

When a suspension exceeding three (3) school days is under consideration, the principal or designee shall offer the student and student's parents/guardians an informal hearing, as required by law. After such hearing the principal or designee may extend the suspension for a period of up to ten (10) total school days. Parents/guardians will be notified. When discipline is to be imposed upon a student with disabilities, District employees are required to follow the additional procedures outlined in the District's Administrative Regulation (R5401) and applicable law. Possession of a weapon or weapons on District property (as defined in this policy) or at school-sponsored activities is specifically prohibited. In addition, with very limited exceptions, Pennsylvania law *requires* public schools to report to police, and expel, for a minimum of one year, any student found in possession of any knife, cutting instrument, cutting tool, firearm, shotgun, rifle and any other tool, instrument or implement capable of inflicting serious bodily injury on District property.

SEARCHES (P5412 and R5412)

Authorized school officials are permitted to conduct searches of students, including their persons, lockers, motor vehicles, and other possessions on school property, when there is a reasonable suspicion that such a search will uncover evidence of a violation of Board Policy, Administrative Regulations, school rules, or local, state or federal law on the part of the student. In order for the requisite level of reasonable suspicion to exist, the school official must be able to point to a "particularized suspicion" for conducting a search. Searches that arise out of generalized concerns or merely suspicious behavior, where the school official is not looking for any object in particular, have been struck down as illegal. The scope of any search must be reasonable under the circumstances, taking into consideration the student's age, the intrusiveness of the search, and the immediacy of any threat prompting the search.

A copy of School Board Policy and Administrative Regulation 5412 are available at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5412.pdf> and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/r5412.pdf>, respectively, and contain additional information and procedures for the various types of searches (including, but not limited to, systematic suspicionless testing and general searches) to which students may be subjected. Notice of the rights of parents/guardians and eligible students with respect to student records, as well as other District guidelines governing the collection, retention, disposition and disclosure of student records is available for review in Board Policy and Administrative Regulation 5225, which are available at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5225.pdf> and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R5225.pdf>, respectively.

PARTICIPATION OF ECONOMICALLY DISADVANTAGED PUPILS IN CURRICULAR ACTIVITIES (P5312 and R5312)

No student shall be denied the opportunity of participating in curricular programs and activities, including field trips, because of an inability to pay necessary fees for participation or costs of materials. For students wishing to participate in extracurricular programs and activities who are unable to pay the necessary fees or costs to participate, the District will make a good faith effort to identify funds to cover the fees or costs for such students, but cannot guarantee that such funds will always be available in all cases.

STUDENT CONDUCT ON DISTRICT-PROVIDED TRANSPORTATION (P5413 and R5413)

No student shall be permitted to engage in conduct that could endanger that student's safety or the safety of others. Discipline will be imposed as the situation warrants, in accordance with Board Policy, applicable Administrative Regulations, this Student Handbook, and the Code of Student Conduct.

RECORDING IN SCHOOLS AND ON SCHOOL BUSES/VEHICLES (P8070 and R8070)

In order to promote a safe school environment for all stakeholders, the interior and exterior of schools and other District property may be equipped with video and audio recording devices. The Superintendent is authorized to provide law enforcement with access to live images and audio captured by recording devices in order to promote the health, safety and welfare of student, staff, and other individuals. The Board of School Directors has also authorized the use of video and audio recording on school buses and vehicles while transporting students for school-related purposes for disciplinary and security purposes. Students and, when applicable, school bus passengers will be notified as to the presence and possible activation of any video and audio recording devices. Additional information can be found in Board Policy and Administrative Regulation 8070, which are available on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P8070.pdf> and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R8070.pdf>, respectively.

STUDENTS' FREEDOM OF EXPRESSION (P5400 and R5400)

Freedom of expression is a right guaranteed by the United States Constitution. Students have the right to express themselves in accordance with law; however, expression that materially and substantially interferes with the educational process, threatens serious harm to the school or community, encourages unlawful activity, or interferes with another individual's rights is prohibited.

DRESS AND APPEARANCE (P5415 and R5415)

Students have the right to determine their dress and appearance as long as it conforms to norms of decency as set forth below and does not substantially and directly endanger physical health or safety, damage property or substantially disrupt activities.

Students may be required to wear certain types of clothing while participating in physical education classes or in activities such as music performances and athletics. A student may not be disciplined or excluded from regular instruction because of their appearance if style, fashion, or taste is the sole criterion for such action.

Students are expected to dress appropriately for weather conditions and in accordance with Board Policy.

Student attire or appearance that materially and substantially interferes with the educational process, threatens the school or community, depicts or encourages unlawful or otherwise prohibited activity, or interferes with another student's rights is not permitted.

Clothing bearing or depicting messages, images, or advertisements relating to drugs, alcohol tobacco is not permitted.

Clothing depicting violent or sexually explicit messages or images is also prohibited.

Absent an administrative exception to the contrary, students are expected to dress in accordance with Board Policy and the guidelines established in the applicable Student Handbook during school hours and at school-sponsored events.

Each school's dress code policy shall be gender-neutral. Schools cannot enforce specific attire based on gender.

Students have the right to dress in accordance with their gender identity within the constraints of the dress codes adopted by the school. Gender-neutral dress code guidelines apply to regular school days as well as any school sponsored activities.

Students whose attire does not conform to the applicable standards will be asked to put on appropriate clothing. Students may be asked to change into appropriate clothing, if available at school, or the student's parent/guardian will be called and asked to bring appropriate clothing to school.

Students with questions about the applicable dress code or the appropriateness of particular attire/appearance shall direct such questions to the building principal or assistant principal.

Serious or repeated violations of the dress code will be subject to disciplinary action.

STUDENT ACCIDENTS AND INJURIES – TREATMENT AND REPORTING (P5422 and R5422)

The Board has created procedures for students who suffer injuries at school or during school events, including students who suffer brain injuries or cardiac events. The Board requires that brain injuries or symptoms of sudden cardiac events to student-athletes be taken extremely seriously and with the short- term and long-term health of the student-athlete kept uppermost in mind. Regulations which have been established with regard to this policy are available in the Athletic Office or Main Office and in the Athletic Handbook.

FOOD AND NUTRITION SERVICES – STUDENT MEAL CHARGE POLICY (R8120)

School Meal Account Procedures / Meal Charging Policy

A student's meal status is always kept confidential. All students have accounts to purchase their meals and are treated the same at the register.

Parents/guardians are responsible for their student's cafeteria food purchases and are expected to maintain payments on any outstanding account balance for cafeteria food purchases. Parents/guardians may request in writing that the District restrict their child's purchase of a la carte food items and/or meals at any time.

The procedures for notifying parents/guardians of low and negative balances and collecting negative balances are detailed below. However, students will be permitted to charge meals (breakfast and/or lunch), and will not be denied a meal because of the insufficient funds in their student meal accounts. In addition to purchasing a meal, students are permitted to charge a la carte food items, even if their individual student meal accounts lack sufficient funds, as long as their balance is not negative \$50 or more. In any event, the District will initiate procedures to restrict a la carte purchases when the student's negative meal account balance exceeds \$50 and the student will only be permitted to purchase a breakfast and lunch meal.

Students may not be publicly identified or stigmatized, or required to perform chores or other work when they cannot pay or have a negative student meal account balance. Schools will not require a student to discard a school meal after it has been served to the student, even if the student is unable to pay for the meal or has a negative student meal account balance.

Low & Negative Account Balance Notification

If a student has an account balance of \$5.00 or less, the parent/guardian will be notified at least weekly by email or a notice distributed in homeroom or in student folders that are brought home to the parent/guardian. The envelope containing this notice should be marked "confidential – to be opened by addressee only." If the student's outstanding account balance due reaches or exceeds five (5) school meals, including breakfasts and/or lunches, a request for payment letter will be mailed or emailed to the student's parent/guardian, which shall also include a request that the parent/guardian apply to participate in the school food program. In addition, a school official will contact the parent/guardian to resolve the outstanding account balance due by one or more of the following methods: telephone, electronic communication, certified letter, and again request that the parent/guardian apply to participate in the school food program. These contacts will continue until the outstanding account balance due is satisfied or has been determined to be uncollectible.

If the student's outstanding account balance due is in excess of \$50.00 and remains unpaid for more than 30 days, the parent/guardian may incur additional collection charges on the outstanding balance. If a good faith effort is not made towards payment of the outstanding balance due, then a referral to an outside authority or agency may be made. Parents/guardians experiencing economic hardships may request payment arrangements from the District.

Additional Information

The Principal or designee shall notify Food and Nutrition Services regarding departing students so that account balances can be rectified prior to their departure. Information on meal prices, menus, how to apply for free or reduced priced meals, how to check a school meal account balance or add funds to such accounts can be found on the District's Food and Nutrition Services webpage.

Delinquent School Meal Account Debt

After taking reasonable steps to collect delinquent school meal debt, which shall include at least two written correspondences, as outlined above, to the student's parent/guardian, unrecovered/delinquent debt at the end of each school year shall be referred to the Business Manager for appropriate action. Such unrecovered/delinquent debt shall be considered bad debt and non-federal funding sources must repay the Food Service Fund for the total amount of such unrecovered/delinquent debt. Delinquent school meal debt shall not be classified as bad debt for write off purposes until after reasonable steps have been taken to collect such delinquent school meal debt.

From time to time, parents/guardians or other individuals may choose to donate funds to the District. Donated funds may not be co-mingled with food service funds from federal or state sources or food sales. Instead, donations must be made to the District's General Fund, and transferred to the Food Service Fund at the appropriate time to offset unrecovered/delinquent student meal debt. Donated funds will not be applied to individual student meal account balances, but instead as an overall reduction of the amount of funds that would otherwise need to be transferred from the

General Fund to the Food Service Fund at the end of the school year to repay the Food Service Fund for unrecovered/delinquent debt.

Distribution

This Administrative Regulation, detailing the District's local meal charge policy, shall be provided in writing to each household at the beginning of the school year, and during the school year to households who transfer to the District during the school year.

The foregoing is a total ban, for all students, on all possession, distribution and/or use of tobacco products in any District building, on any District property, in any District vehicle and/or during any District-sponsored activity. Students are prohibited from using, distributing, possessing, or being under the influence of prohibited substances in any of the buildings owned by the District, on District property, in school vehicles and/or while participating in school-sponsored activities on or off District property. Students who are found to be in violation of this prohibition shall be suspended from school and disciplined in accordance with Board Policy and the applicable student handbook. Aiding or abetting any of the above-mentioned prohibited conduct shall be treated in the same manner. The definition of "prohibited substances" is outlined in detail in Policy 5405, which is available on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5405.pdf>. Violations of this Policy shall be referred to the appropriate law enforcement agencies in accordance with applicable law or regulations, Board Policy, and the Memorandum of Understanding in effect with local law enforcement. The District reserves the right to enforce this Policy and the accompanying Administrative Regulation with respect to off-campus conduct to the fullest extent permitted by law. The District, recognizing the need to address the problem of substance abuse on a District-wide basis, supports the maintenance of a Student Assistance Program. The purpose of the Student Assistance Program is three-fold: (1) to identify students who are having problems because of substance abuse or due to mental health problems, (2) to intervene when appropriate either by personal contact or through support groups, and (3) with the involvement and approval of parents/guardians, to refer those students for appropriate help. Additional information regarding the Student Assistance Program and procedures for students to seek help for themselves or on behalf of another student with a drug, alcohol, or substance abuse problem can be found in Administrative Regulation 5405, which is available on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R5405.pdf>.

ADMINISTRATION OF MEDICATION TO STUDENTS (P5406 and R5406)

Unless specifically authorized otherwise by Board Policy, the administration of medication to a student during school, at any school-sponsored activity, or on a conveyance providing transportation to or from school or school-sponsored activity, will be permitted only upon prior consent of the student's parent/guardian and at the direction of a licensed healthcare provider, in the following circumstances:

1. Where failure to take or make available such medication would jeopardize the health of the student or would prevent the student from attending school or participating in a school-sponsored activity; or
2. Where the administration of medication is part of a student's accommodation plan, service agreement, or Individualized Education Program (IEP), in accordance with applicable law.

A copy of the District's Board Policy and Administrative Regulation 5406 are available for review on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5406.pdf> and

Students may have the opportunity to participate in supervised, school-sponsored field trips. Students are reminded that all rules and regulations of the District remain in effect. In the event that a trip is cancelled for any reason, the District shall not be responsible for monetary deposits lost due to such cancellation.

INTEGRATED PEST MANAGEMENT (P8012)

When pesticide applications are planned and scheduled in school buildings and/or on school grounds, the District will provide notification including: (1) posting a pest control sign in an appropriate visible area, (2) providing the pest control information sheet to all individuals working in the school building, and (3) providing required notice to all parents and guardians of students or to a list of parents or guardians who have requested notification of applications of pesticides. Complaints received anonymously by the District, by the Board or by its members will not be recognized as formal correspondence; and therefore, typically will not be given a response.

The Superintendent shall promulgate Administrative Regulations detailing the process and procedures District personnel will follow for handling complaints received by the District. Special procedures provided by law or other District Policy for handling complaints in certain areas such as discrimination, sexual harassment, and resolving issues of concern for non-contract staff shall supersede the provisions of this Policy and its accompanying Regulation.

PROCEDURES FOR ENFORCING SCHOOL ATTENDANCE (P5113 and R5113)

Students of compulsory school age are required to attend school. Regular, timely attendance will ensure every student has the opportunity to achieve. Many of the rules and procedures governing **truancy, absences, and tardiness (which can be cumulatively counted as an absence)** are mandated by Pennsylvania law and school code. The District's Board Policy and Administrative Regulation governing student attendance are available on the District's website at <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/P5113.pdf> and <https://www.tesd.net/cms/lib/PA01001259/Centricity/Domain/14/R5113.pdf>, respectively. It is important that students and their parents/guardians review these documents and familiarize themselves with the District's procedures.

PE Class/Physical Activity Excusal

A parent/guardian may excuse a student from Physical Education (PE) class for up to 3 days/classes. An excuse from a healthcare provider familiar with the student who may not be the student's parent/guardian will be required for missing more than 3 days/classes. The healthcare provider's guidance will give the school team more information to support the student if an injury or illness is keeping the student from participating in PE and/or physical activity for a longer duration of time.

ELECTRONIC DEVICES (P5414 and R5414)

Electronic devices include all devices that can take photographs; that can record, store, transmit, receive, reproduce, initiate, or display audio or video data, calls, messages, images, or any other form(s) of communications; or that can connect to the internet. This definition includes all devices with voice, data, text, and/or navigation capabilities, those that perform word processing functions, and those that support computer and online applications (apps).

The District has the right to regulate the use of electronic devices in accordance with applicable law. Students may possess electronic devices in buildings owned by the District, on school grounds, in school vehicles, and/or while participating in school-sponsored activities, subject to the conditions contained in Board Policy and Administrative Regulation 5414 and any additional regulations imposed by the building principal or designee.

1. All networks, servers and telecommunications systems maintained or operated by the District;

Limited incidental personal use is permitted, so long as such use otherwise complies with Policy and Administrative Regulation 8080, and further provided that such limited incidental personal use does not interfere with and is not disruptive to District or school operations or another user's use of District technology resources.

The District reserves the right to conduct periodic general searches of network users' activity on District technology resources, using techniques reasonably designed to discover improper or harmful activity by students or other users. Further detail regarding the boundaries of this authority is outlined in Board Policy and Administrative Regulations 8080 and 5412.

The District reserves the right to prevent unauthorized, inappropriate or illegal use of District technology resources, and to administer appropriate discipline to users who violate Policy or Administrative Regulation 8080. Files, communications, and internet activity on District technology resources are subject to review and may be deleted without notice.

The availability of information on District technology resources does not imply endorsement by the District of such content, nor does the District guarantee the accuracy of such content.

The District shall not be responsible for any information lost, damaged or unavailable while using District technology resources or for any charges or fees resulting from such use.

The District will fully cooperate with local, state and federal officials in any investigation concerning or related to alleged illegal activities of any individuals misusing District technology resources.

Users of District technology resources shall immediately report any violations of Policy or Administrative Regulation 8080 to their building principal, immediate supervisor, or the Director of Technology or designee.

SELF-HARMING BEHAVIOR (P5423 and R5423)

“Self-harming behavior” includes (but is not limited to) threats of suicide, excessive risk taking, purposeful self-injury, and evidence of excessive alcohol consumption or harmful drug use. Concerns or questions about policies and regulations should be referred to Jeanne Braun, Coordinator of Community and Volunteer Services at 610-640-1913.

NOTE: All policies are subject to revision. Please check the TESD website (tesd.net) or call 610-240-1900 for more information.

Volunteers P1300

Revised: August 2024

The District appreciates the efforts of parents and community volunteers. Volunteer activities will occur only as requested by the teacher or supervisor, and will be under the direction of the teacher or supervisor at all times. The District Volunteer Coordinator will coordinate the recruitment, selection, and oversight of District volunteers.

No volunteer may use any confidential information obtained by virtue of their volunteer service.

The Superintendent shall promulgate guidelines implementing this Policy, which shall require all volunteers to:

1. maintain the privacy of confidential student information; and
2. respect the authority of the teacher or supervisor overseeing the volunteers.

In addition, the Superintendent shall promulgate guidelines implementing this Policy, which shall require volunteers responsible for the welfare of children or having direct contact with children to:

1. provide all criminal and child abuse clearances required by law as set forth in the accompanying administrative regulation. Only those volunteers deemed acceptable to the Superintendent or designee shall be appointed; and
2. report all incidents of suspected child abuse in accordance with law.

Volunteers R1300

Definitions

A “Volunteer” is an adult (individual who is 18 years or older) applying for or holding an unpaid position in the service of the District. Depending on the type of service provided, volunteers are designated as either “Tier I” or “Tier II” as described below. This definition does not include volunteers for outside groups, such as Parent-Teacher Organizations and Booster Clubs, unless the person is directly acting in the service of the District in relation to a District program, activity, or service.

“Direct volunteer contact with children” or “Direct volunteer contact” means the care, supervision, guidance or control of children and routine interaction with children by a volunteer.

“Routine interaction with children” means regular or repeated contact that is integral to a person’s employment or volunteer responsibilities.

“Person responsible for a/the child’s welfare” means a person who provides permanent or temporary care, supervision, mental health diagnosis or treatment, training, or control of a child in lieu of parental care, supervision, and control. This includes any person who has direct or regular contact with a child through any school-sponsored program, activity or service.

“Program, activity or service” means any of the following in which children participate: youth camps or programs, recreational camps or programs, sports or athletic programs, community or social outreach programs, enrichment or educational programs, and troops, clubs, or similar organizations.

“Tier I Volunteers” are those volunteers who will either be responsible for a child’s welfare or will have direct volunteer contact with children.

“Tier II Volunteers” are those volunteers who will not be responsible for a child’s welfare and also not have direct volunteer contact with children.

“Immediate vicinity” means an area in which an individual is physically present with a child and can see, hear, direct and assess the activities of the child.

Requirement to Obtain Certifications

Pursuant to Pennsylvania law, certain volunteers are required to obtain FBI, State Police, and Department of Human Services certifications, and will be required to renew those certifications every sixty (60) months.

The District respects the privacy of volunteer applicants, and will hold all certification results in strict confidence to the extent permitted by law. There will be only limited personnel access approved by the Superintendent or designee to certification files on a “need-to-know” basis.

Revised: August 2024

Tier I Volunteers

Tier 1 Volunteers must obtain and submit certifications to the District Volunteer Coordinator prior to being approved to serve as a volunteer. Current Tier I Volunteers with a current certification issued before August 25, 2015 must obtain the required certifications within sixty (60) months of their most recent certification, or if a current certification is older than sixty (60) months on August 25, 2015, no later than August 25, 2016.

All Tier I Volunteers have an ongoing obligation to renew their certifications every sixty (60) months from the date of their oldest certification.

If a Tier I Volunteer has been a resident of Pennsylvania for the entirety of the previous ten-year period and swears or affirms in writing that they have not been disqualified from service and have not been convicted of a prohibited offense listed in existing law or a similar offense in another jurisdiction, only the State Police and DHS certifications will be required. If a Tier I Volunteer is a resident of Pennsylvania but has not resided in Pennsylvania for the entirety of the previous ten-year period, that individual must obtain an FBI criminal history background check only once, and not at successive intervals until that individual has satisfied the ten-year continuous residency requirement in Pennsylvania.

Non-Resident Volunteers:

Employers, administrators, supervisors or other persons responsible for the selection of volunteers may allow a Tier I Volunteer from another state to serve on a provisional basis not to exceed a total of 30 days in a calendar year, if the volunteer is in compliance with the certification standards under the law of the jurisdiction (i.e. state) in which they are domiciled. The non-resident volunteer must provide the employer, administrator, supervisor or other person responsible for selection of volunteers with documentation of certifications.

Tier II Volunteers

Tier II Volunteers do not need certifications.

For a full explanation of volunteer certification requirements, please visit the TESD website (tesd.net).

Arrest and Conviction Reporting Requirements for Volunteers

All volunteers must report new arrests or convictions for any offense that would create a ban on employment or volunteer work with children to an administrator in writing within 72 hours. If a person responsible for employment decisions or an administrator has a reasonable belief that any volunteer was arrested or convicted for an offense that would constitute grounds for denying employment or volunteer work with children, or was named as a perpetrator in a founded or indicated report of child abuse, or the volunteer has provided notice as required under the law, the employer or administrator must immediately require that individual to submit current FBI, State Police, and DHS certifications. If any volunteer does not disclose arrests or convictions as required, they will be terminated immediately from all services to the District.

Other Guidelines

The District reserves the right to exclude any volunteer based on an offense that would disqualify an employee from obtaining employment with the District.

All volunteers will be expected to follow these guidelines:

1. Respect the authority of the teacher or supervisor as the decision maker and as the person responsible for the instructional program, all classroom activities, and the well-being of all children in the classroom or school. Teachers or supervisors bear the ultimate responsibility for the welfare of students during school activities. When working with students or chaperoning field trips or school activities, parent volunteers must report all incidents of inappropriate behavior or situations in which students might be in danger to the teacher or supervisor in charge of the activity.
2. Respect the privacy and anonymity of each child by maintaining the confidentiality of information regarding students. Information regarding student classroom performance and/or behavior and information contained in student records must be shared only with District employees with an "educational need to know" the information. Information from student records is regulated by the Family Educational Rights Privacy Act.
3. Maintain a professional relationship with students. When issues of a personal or confidential nature are raised by students, volunteers must refrain from imposing their own opinions on students regarding matters of a personal nature.
4. Courteously inform your supervising teacher or supervisor if unable to attend volunteer activity and document attendance as requested by supervising teacher or supervisor.

Tier I Volunteers are expected to be familiar with District policies and receive any training provided by the District for volunteers. In particular, Tier I Volunteers are expected to comply with the following:

1. District policies and administrative regulations regarding child abuse identification and reporting. See Appendix A to Regulation 5436.
2. District policies and administrative regulations regarding the prohibition of discrimination within the District.
3. District policies and administrative regulations regarding unlawful harassment.
4. District policies and administrative regulations regarding student accidents.
5. District policies and administrative regulations regarding student hazing.
6. District policies and administrative regulations regarding student discipline.
7. District policies and administrative regulations regarding drugs, alcohol and tobacco.
8. District policies and administrative regulations regarding the accommodation of special needs students in 22 Pennsylvania Code Chapter 14.

Code of Civility (General Public) P1305

This Policy is designed to promote civility - an environment in which all members of the school community will be treated with respect and expect the same in return. The District is committed to civility through education, training, and discipline when necessary. The District does not intend this Policy to deprive any person of his or her right to appropriate self-expression. Rather, it seeks to maintain, to the extent possible and reasonable, an environment in which people can feel safe and secure.

The District expects all members of the general public to be role models of civility while on District property or while attending or participating in a District-sponsored event.

It is the District's position that rude, disrespectful, abusive, or intolerant behavior erodes education. Such behavior shall be addressed when it occurs.

All members of the general public are expected to communicate with each other and with District employees, students, volunteers and Board members in an atmosphere of civility and mutual respect.

The Superintendent shall:

1. establish procedures to address complaints of individuals who believe they have been treated in an uncivil and/or disrespectful manner;
2. establish procedures to address failure of individuals to adhere to this Policy; and
3. publicize the contents of this Policy and the behavioral expectations it sets forth to the school community.

Code of Civility (General Public) R1305

Purpose

This Regulation implements Board Policy No. 1305("Code of Civility (General Public)") by:

- Defining "incivility" in the context of Policy No. 1305;
- Identifying strategies for dealing with incivility when it arises in the school setting; and,
- Establishing a complaint procedure to address complaints of individuals who believe they have been treated in an unprofessional and disrespectful manner

Definition and Examples of Incivility

"Incivility," when used in this Regulation, means the following:

- rude, abusive or intolerant behavior in any type of school setting when such behavior may tend to erode education or diminish an atmosphere of professionalism or mutual respect; and/or,
- use of offensive or obscene language in person, voice-mail, written correspondence, e-mail or any other form of communication; and/or,
- threatening or belligerent conduct that in any way interferes or threatens to interfere with the orderly operations of the District or places another person in fear of imminent physical harm.

Strategies for Addressing Incivility When It Occurs

1. If a participant in a meeting becomes verbally abusive, the District employee or other District representative responsible for chairing the meeting, on their own initiative or at the request of another meeting participant, should immediately ask the participant to stop and let them know that if the participant does not stop that the meeting will be terminated or, alternatively, that the participant will be requested or compelled to leave the meeting. If necessary, the meeting chair should recess the meeting to allow for decorum to be restored. If problems recur after the meeting is reconvened, the chair should consider adjourning the meeting or taking steps to remove the participant. The basis for any action should be documented. and documenting the basis for the meeting termination.
2. If the District is under a timeline to conduct a meeting involving an uncivil participant, the District employee responsible for chairing the meeting should advise the participant that the meeting will be completed without them.
3. If at any time a staff member, student, parent or other individual threatens bodily harm or attempts to physically touch in a threatening and harmful manner any person on school property, the police must be notified.

Complaint and Resolution Procedures

1. Procedures

All complaints by or about members of the general public should be raised with the applicable building administrator or supervisor. If necessary, complaints should be reviewed through successive administrative levels in sequential order to the Superintendent and subsequently to the Board, where appropriate. Board members will be encouraged to advise complainants to first consult with the appropriate staff member or administrator and then, if necessary, to bring the problem to the attention of the Board through the administrative process.

Visitors Entering District School Buildings R1310

All visitors seeking entrance to the school buildings during the school day, including Tier I and Tier II volunteers, will be required to go to the designated building entrance door, push an intercom button, state their name and purpose of their visit to gain entry into the building. District personnel will check visually and verbally prior to granting the visitor access. Once inside the school building, all visitors must check in and sign in at the visitor's desk or office desk to receive a visitor's badge. If school personnel does not recognize the visitor, the visitor will be required to present photo identification. Their visitor badge must be worn at all times while in the school building. The visitor will return the visitor's badge to the visitor's desk and sign out prior to exiting the school building.

All staff members shall be responsible for requiring a visitor to display a visitor's pass. In cases when a visitor is not in possession of a visitor's badge, staff members will notify the principal's office. School personnel will then follow procedures for possible intruder alert.

Individuals who seek entry to or enter a school building for unauthorized reasons or fail to follow the District's building access and guest/visitor management procedures may be prevented from entering the school building, or, if entry has already been established, may be required to immediately leave. Violations of this Policy may lead to restrictions on the individual's ability to return to the school building, and law enforcement may be notified, as determined by the Superintendent or designee, based upon the circumstances.
