

Emotional, Mental and Physical Health Building Supports

Student Assistance Program (SAP) / CARE Team is a systematic process to assist school personnel in identifying issues, including problems with alcohol and drugs, which pose a barrier to student learning and success in school. Working with community agencies, SAP teams identify school supports and assist families in accessing community services.

Small Groups Counseling Sessions focus on educating students about stressors and healthy ways of coping.

Clinical Interviews assess the level of functioning, risk factors, protective factors and need for ongoing treatment. When appropriate, Mental Health Specialists provide guidance and make connections to therapeutic and/or community supports and resources.

Student Attendance Improvement Plans (SAIP) are developed for [students at risk for truancy](#). A multi-disciplinary team meeting with parents is held to create a plan to improve student attendance.

Multi-tiered Intervention Program is a program that includes a continuum of regular education supports and services to improve academic performance.

Special Education is specially designed instruction, at no cost to the parent, to meet the unique needs of a child with a disability. Psychoeducational evaluations are conducted by a school psychologist to determine eligibility for an Individualized Education Plan, (IEP).

Section 504 Service Agreement is a plan which outlines accommodations for students with a documented disability to enable them to successfully access the curriculum. Upon parent request, school counselors will evaluate for need.

Your School Counselor is a great resource. They can help direct your concerns and connect you with school and community supports. There are many reasons to call your school counselor, including:

- I'm concerned about my child's academic performance
- My child has been bullied / threatened
- My child is showing signs of anxiety
- I suspect my child may have a disability
- My child has a mental health diagnosis and/or is meeting with a therapist outside of school
- My child is refusing to come to school
- My child seems lonely, sad, or worried very often

Concerns that Require Immediate Attention:

I'm concerned that my child, or one of my child's friends, may be having suicidal thoughts

- ⇒ If during school hours, contact your child's school counselor or mental health specialist.
- ⇒ If outside of school hours, contact one of the 24/7 Crisis/Suicide Helplines listed below.
- ⇒ If you are concerned about another child, contact the other child's family immediately.

My child was threatened online or in person off school grounds

- ⇒ Contact the local police or call 911.
- ⇒ If online, you may also use the reporting/flagging mechanism for that social media platform.
- ⇒ Safe 2 Say Something www.safe2saypa.org

Abuse

If you suspect a child is being physically or sexually abused or neglected, you may report your concerns to the Childline Child Abuse Registry at 1-800-932-0313.

Drug and Alcohol

If you believe your child, or someone else, is using drugs or alcohol, you may call these numbers below directly for support:

- ⇒ Chester Co. Department of Drug and Alcohol Services 610-344-6620
- ⇒ Caron Treatment Centers 844-260-1324
- ⇒ Safe 2 Say Something www.safe2saypa.org

24/7 Crisis/Suicide Helplines

- ⇒ Valley Creek Crisis Center: 610-280-3270
- ⇒ 988 Suicide & Crisis Lifeline: call or text
- ⇒ Call 911

Mental/Behavioral Health Concerns

- ⇒ Creative Health 610-948-6490
- ⇒ Community Services of Devereux 610-933-8110
- ⇒ Holcomb Behavioral Health Services 610-363-1488

Emotional, Mental and Physical Health Professional Staff

School Counselor - The foundation of student support in every building, school counselors are involved in a wide range of student and school issues including personal/social development, goal setting, student discussion groups, course selection and post-secondary planning, individual and group assessment, school climate and student activities.

School Psychologists - These individuals provide mandated individualized assessments to determine students' learning strengths and needs, assist with determining appropriate interventions and consult with students, families and school personnel.

Mental Health Specialists - Certified specialists are available to all schools for coordination of private services, individualized counseling and consultation with student assistance and IEP teams.

- **Jana Golboro** (Elementary Schools) 610-240-1450 ext. 15531
